Former President's Forces Defeat Loyal Troops in March on Capital

Pilsudski Reported to Have Gained Success in Polish Uprising

BY A. F. NIGHT WIRE

A revolution is in progress in Poland, with the central point the capital, Warsaw, with Marshal Pilsudski, the former President, apparently bent on forcing the present government from power.

A tight censorship has been established, and telegraphic and telephone communications are badly interrupted. But from Berlin, on what is characterized as reliable information, comes the report of fighting in the streets of Warsaw with many casualties.

Dispatches from Prague and Cracow give some details of the inception of the revolt, which began Tuesday night. Soldiers in the Rembertow camp, on the outskirts of the capital, have risen, and within forty days is the District of Warsaw.

THIS ACTION IS BROUGHT TO DISSOLVE THE BONDS OF BATTLE BETWEEN THE PLANTING AND DEFENDANT.

AND YOU ARE FURTHER TOLD—

THAT THE BONDS OF BATTLE ARE BROKEN.

IN THE DISTRICT COURT OF THE JUDICIAL DISTRICT OF THE STATE OF IDAHO AND FOR PREMONT, IDAHO, ARCH. ELLIOTT, Plaintiff

LEONARD ELLIOTT, Defendant

THE BONDS OF BATTLE ARE BROKEN.

THE BONDS OF BATTLE ARE BROKEN.</div

The 2nd Beverly Hills Has Started

—already it is dotted with numerous suburban homes of the very finest type.

—between this magnificent district and Los Angeles \$3,500,000 is now being expended on concrete highways, adequate storm sewers and other street improvements, including ornamental lighting.

—it is only 45 minutes from 7th and Broadway, and in a comparatively short time will be selling at prices two to five times higher than the present.

—it is situated on a commanding elevation overlooking one of the most beautiful and prosperous valleys in the country. The approach through captivating live oak canyons unparalleled for beauty, enchantment, sheer joy. There is no other suburb, to our knowledge, which can favorably compare with this.

—the soil is particularly adaptable for growing the profitable avocados; and here are found some of the most profitable avocado and citrus groves in the state. For a suburban homeite or for a safe and profitable investment you cannot equal this opportunity.

In Hollywood it's The
Havenhurst
Individually Owned Apartment
FACTS!

The Havenhurst has been in genuinely successful operation for over a year.

The success achieved in the first year of operation gives the prospective purchaser full opportunity for careful investigation before investing. He will be shown audited reports—not estimates—reflecting a thoroughly sound financial policy as well as surprising economy in operating maintenance. He will be given the names of those who have already purchased apartment homes and can reassure himself that there has been no deviation in the fixed policy of careful selection in prospective tenant owners.

BRAZIL MAY GET UNLIMITED SEAT

Indefinite Term in League
Also Offered Spain

Nonpermanent Period of
Three Years Agreed On

Commission Rules Against
Curb on Office Holding

BY CABLE AND ASSOCIATED PRESS
GENEVA, May 12.—Measures designed to solve the problem of membership in the League of Nations' Council were taken today by the special commission investigating the organization of the Council. One step would permit Brazil and Spain to become virtually permanent members of the Council provided they are able to carry the League Assembly.

The commission voted that nonpermanent members, in which category Brazil and Spain come, shall not be re-eligible for three years after the expiration of their term, but that the League Assembly, by a special resolution may declare one-third of the nonpermanent members eligible practically for an indefinite seat.

BRAZIL LOSES POINT

Brazil, whose opposition to Germany's entry was instrumental in keeping her out of the League early this year, lost her contention at the special session of the commission this morning which held that the new nonpermanent members of the Council could not take office.

Immediately after their election until now, the practice has been that the new members assumed their duties on the first of the year, but the commission voted today that the nonpermanent members should take office immediately on election. Brazil and Spain abstained from voting in order not to break the unanimity rule of the League.

The commission's decision means that should Brazil fail of re-election as a nonpermanent member of the Council this September, she would be unable to take office until the next election.

Dr. Rudolph Snyder of the United States Bureau of Animal Industry, who has been in charge of eradicating the disease, Dr. Snyder has been retained here, co-operating with the State Department of Agriculture.

Dr. Snyder reports that the last case of new or active infection was found June 15, 1924, and that the last recovered case was taken during the week ending October 28, 1925. Since that date no indication of the disease has been found in either deer or domestic live stock.

To make a test 1000 cattle were

permitted to range the ranges for thirty days after the last case was found.

COL. ROWAN AND OTHERS

PLAN TO BE AT SPANISH
VETERANS' MEETING

BY CABLE AND ASSOCIATED PRESS

SAN FRANCISCO, May 12.—The twenty-third annual department encampment of the United Spanish War Veterans, department of California, will be in the Yosemite National Park the week of the 24th inst. Most of the delegates and visitors will travel thence

to the encampment, will fittingly celebrate the fact that California's department is now the largest of the forty-two units of the organization, having this year unseated the state of New York, which up to this time has been the banner department.

It is expected that Col. A. R. Rowan, the man who carried the message to Garcia, now a resident of San Francisco, Leon Duran, who served on the Okinawa, and with Dewey; some comrades from Roosevelt's "Rough Riders," Cliff Murphy who was in the First Battalion, 1st Cavalry, and survived the massacre of the company at Ballangay, P. I. and Comrade William M. Clegg, who was the first sergeant of Troop M, 8th United States Cavalry when the "Forgotten City" was captured during the Boxer uprising in China in 1900, will all be present.

Other interesting features to be presented: The Ladies' Auxiliary Department of California, the Military Order of the Shriners will also hold their annual conventions in conjunction with the United Spanish War Veterans.

ANGELENO WILL FACE

WIFE MURDER CHARGE

BY A. P. NIGHT WIRE

WILLIAMS (Ariz.) May 12.—At his third trial within a year Patrick Hanley, insurance man of Trail, B. C., was sentenced to be hanged at Oakalla jail Aug. 2, next, for the killing of his sweetheart, Mildred Neilson, Vancouver, at the nurse's home, Trail, February 6, 1925.

At two previous trials of Hanley, jury had been deadlocked, but the third man admitted by all attorneys now to be in perfect mental health, seemed prepared for the verdict and gave not a hint of the collapses that featured his former trials. The trial of Mildred Neilson, the nurse of the nurse's home as a result of jealousy, according to the evidence.

STUDENT SATIRE OF

NATIVITY REINSTATED

BY A. P. NIGHT WIRE

BERKELEY, May 12.—The president's office of the University of California announced today that Donald Williams, a white-bearded, graduate student in philosophy, suspended last December for his authorship of a satire on the nativity, which appeared in the Occidental, magazine published by university students, was reinstated today. Williams is a graduate of Occidental College.

NIP GERMAN FASCIST PLOT

Police Disclose Scheme to Set Up Dictatorship and
Restore Hohenzollern Empire

BY CABLE AND ASSOCIATED PRESS

BERLIN, May 12.—Discovery of detailed plans for the establishment of a German Fascist dictatorship whose object was the "restoration of the Hohenzollern empire in renewed splendor," was announced

Continuing police raids on the homes of asserted German Fascist leaders, the police reported that they had unearthed a mass of documents which included a detailed plan for a concentric attack on Berlin. While the police were questioning numerous political leaders on the plot, a ploy in an effort to get to the bottom of it, they said they regarded it as merely a dream worked out upon paper.

Among the leaders who were questioned, the police were plain calling for the forcible resignation of President Von Hindenburg, the overthrow of the Federal and State constitutions by force, the dissolution of all Parliaments, the execution without trial of strikers as well as other opponents, the expulsion of Jews from Germany and the concentration of the property of Germany's former rulers.

The seized documents, police said, revealed that the ringleaders of the conspiracy maintained a secret correspondence with the former Kaiser and with Bavarian reactionaries like Hitler.

WILL PROVIDES FOR BOY FANS

Rock Island Man Opens Ball
Grounds To City's
Youth

BY CABLE AND ASSOCIATED PRESS

ROCK ISLAND (Ill.) May 11.—William H. Marshall, philanthropist, lover of boys, and ardent baseball fan, will still live at Douglas Park, the show ground of the Rock Island team of the Mississippi Valley League, not in the flesh, but in the heart of every boy under 15 years of age.

By a bequest of Mr. Marshall, made public today, every boy in the city will be admitted free to all games this season. The family has donated a large sum to take care of the expense. Mr. Marshall died last December.

**Stamp Out Last
Trace of Stock
Disease in State**

BY A. P. NIGHT WIRE

SACRAMENTO, May 12.—That the last trace of the foot-and-mouth disease has been stamped out in Tuolumne county and that the ranges of the county are now safe for live-stock grazing are statements contained in the final report of Dr. Rudolph Snyder of the United States Bureau of Animal Industry, who has been in charge of eradicating the disease. Dr. Snyder has been retained here, co-operating with the State Department of Agriculture.

Dr. Snyder reports that the last case of new or active infection was found June 15, 1924, and that the last recovered case was taken during the week ending October 28, 1925. Since that date no indication of the disease has been found in either deer or domestic live stock.

Prospective Field for Kentucky Derby Saturday Begins to Take Shape

LEADING STARS IN LOUISVILLE

Col. Bradley Will Enter Two Thoroughbreds

Eastern Candidates Arrive for Historic Grind

Earl Sande to Have Boot on Champ de Mars, Word

(BY A. P. NIGHT WIRE) LOUISVILLE (Ky.) May 12.—The derby field is beginning to take shape again after the upset in the Preakness at Pimlico last Monday shattered the "lines" of the form players.

Canter and Bagenbagger, favorites in the Preakness, saw three outsiders finish in the money, but they will have another chance to redeem themselves in the Kentucky on Saturday. Dressed a touch more formally, the two will start after the Preakness, and will start with the conference title after the doppers had favored Stanford for the big night.

Gronwell's tough task so far has been picking the men who will represent U.S.C. Under the conference rules only fourteen can compete, which means two more will be left at home.

Earl Sande to Have Boot on Champ de Mars, Word

(BY A. P. NIGHT WIRE) LOUISVILLE (Ky.) May 12.—The derby field is beginning to take shape again after the upset in the Preakness at Pimlico last Monday shattered the "lines" of the form players.

Canter and Bagenbagger, favorites in the Preakness, saw three outsiders finish in the money, but they will have another chance to redeem themselves in the Kentucky on Saturday. Dressed a touch more formally, the two will start after the Preakness, and will start with the conference title after the doppers had favored Stanford for the big night.

TWO WILL START

Color Sergeant, Captain and Light Carbine also have come from the East in search of other conference stars, in addition to the number of horses E. R. Bradley would send to the post was dissipated today when it was said at the stables of the Hill-Hout family syndicate that Bradley had decided to limit his entry to Bubbling Over and Bagenbagger.

That this will be a formidable entry is generally accepted. Bob Shill and the other syndicate horses. The trainers also consider Bagenbagger a shifty animal and one especially good to have around at the finish. If he should defeat the others, it is felt that the race will be a horse of good.

Starting of Light Carbine, who finished fifth in the Preakness, will give the West another hope for the classic. He is owned by I. H. Humphreys of Denver, Colo.

ALL SERIES CLOSE

So far the Angels have been the only ones to show out to win a series by a 5-to-2 margin. All the others have resulted either in ties or 4-3 victories for one team except the first Hollywood-Denver series struggle, which the Stars won, 4 to 3 one game resulting in a tie.

RABBIT PUNCHES

by PAUL LOWRY

DEAN CROMWELL'S predicting victory for Stanford in the big conference track meet to be held at Palo Alto Saturday. This may be the handsome U.S.C. mentor's personal opinion on the matter, or it may be just a smoke screen, but which he expects the Trojans to emerge with another victory. Consider the fact that U.S.C. has won every meet in which they have been involved and nothing will be left undone to bring home the bacon. It would be particularly sweet for Cromwell's adherents to walk off with the conference title after the doppers had favored Stanford for the big night.

The Trojans also will be hurt by the presence of Barker and his crew. Their first and third in the 100 and first, second and third in the 220 against Stanford will be particularly sweet to walk off with the conference title after the doppers had favored Stanford for the big night.

Flannagan of Oregon looks like a sure bet in the broad jump. He has been leaping consistently over 23 ft. and you ought to grab of a a.

U.S.C.'s sure firsts in the shot, discus, pole, high and low hurdles are practically off the Stanford superiority in the event-jumping, where the Cards expect to grab three places: quarter, half and the same on the same, and the half. This leaves the question of the supremacy strictly up to the dark horses or lesser-known lights.

While there is not a great deal of dope available on the athletics of the Far Northwest there are only one or two who

more jockey, has drawn Champ de Mars, but in the event the Keeneland stud does not enter him, Sande will have some other mount.

Black Gandy is going to ride Rhinebeck in the derby. Gandy was up when the derby trial at the Downs last Monday. It was his first out as a 3-year-old, and Gandy remarked that the colt had been running well and that the race did him a world of good.

Starting of Light Carbine, who finished fifth in the Preakness, will give the West another hope for the classic. He is owned by I. H. Humphreys of Denver, Colo.

UNKNOWN FOR SANDE

Jockey Lawrence Fates will pilot the East's favorite, Pompey. According to reports, Earl Sande, America's pre-

ferred star, has been shown to be a

sure bet to win the Derby.

The trainers also consider Bagenbagger a shifty animal and one especially good to have around at the finish. If he should defeat the others, it is felt that the race will be a horse of good.

Starting of Light Carbine, who finished fifth in the Preakness, will give the West another hope for the classic. He is owned by I. H. Humphreys of Denver, Colo.

CHICAGO GETS NEW SKY LINE

Towers Spring Up as Limit is Removed

Buildings Climb to Level of Forty Stories

Steeple of Great Temple in Heart of Loop

BY A. P. NIGHT WIRE

CHICAGO, May 12—Chicago's loop, which only a few years ago housed a monotonous collection of box-like structures all under 300 feet, is rapidly being transformed into a territory of sky reaching spires, domes and towers.

A new skyline is in process of formation, an impressive as that of Tamed Manhattan, and at a level double the height of the old line.

Lifting of the buildings height restriction, which is due to the architectural reformation, which in addition to popularizing the tower, has included a somewhat timid use of the set back, a regular feature of present-day New York construction.

The old building line here was 28 feet, permitting structures of eight stories to tower over. To take advantage of every bit of available space allowed under the restrictive ordinance, virtually all loop buildings were of the packing-box variety, and the height of the towers was nil. Not a roof was to be seen and the only tower of any consequence was the Tower Building in Michigan Avenue, a stone tower, the old Madison Square Garden tower, and like it, topped by a bronze Diana.

But when the building height was raised, the trend began to shoot skyward. Some of the older buildings tacked on a few extra floors, while most of the new ones climbed up around the forty-story level.

One of the first of the new structures was the Wrigley tower, which stands 400 feet above the mouth of the Chicago River. Its lines designed to accentuate the feeling of height. Across the avenue there arose the thirty-six story storybook tower, the tallest structure of variegated limestone.

These two buildings, with the Allerton Club, a massive pile of stone, in the modernized architectural style and showing a complete roof, dominate the rapidly growing skyline of the near north, an area specially stabilized by the Michigan Avenue link bridge was pushed over the Chicago River at a cost of \$16,000,000.

In the heart of the loop, is the great stone steeple of the Chicago Temple, surmounted by a cross 565 feet above street level. A block away is the tall hotel in the tower, the forty-six story Marshall tower. One of the most commanding of the new Michigan Avenue structures is the thirty-two story Strand Building.

An interesting feature of the buildings of sixteen to twenty stories is that most of them have roofs that can be seen from the street. The box and the cornice are passing into the architectural limbo.

BYRD PLANE ON RESCUE TRIP

Commander Orders Josephine Ford Out to Carry Relief to Marooned Trappers

[BY CABLE—EXCLUSIVE DISPATCH]

KINGS BAY (Spitzbergen), May 12—Commander Byrd today in response to a request from local authorities, directed the sending of the Josephine Ford tomorrow to attempt to locate and give assistance to three trappers believed to be marooned on the bleak coast of Foreland Sound, forty miles over glaciers from Kings Bay. Floyd Bennett, with Dr. O'Brien and other members of the Byrd expedition, will start out with provisions and medical supplies which can be dropped and if necessary a landing will be attempted.

One of the trappers wintered at Rear-Admiral W. A. Moffet, chief of the Navy's Shenandoah expedition, planned two years ago, was "perfectly feasible and undoubtedly would have been successful."

CLUB ORGANIZER HELD

Charged with Getting Money Under False Pretenses

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, May 12—Charged with having obtained money under false pretenses, Cornelius Conway, Berkley, asserted organizer of the "International Association of Optimists' Clubs, Inc." was arrested at Burlingame, south of here, today. The organization is said to be patterned after the "Optimists International," of which Conway asserts he is a former organizer.

He was surprised on their arrival to learn that nothing had been heard of him here.

He was arrested because he was extremely rare in Burlingame, where the trappers normally keep a regular schedule, meeting the boats at King's Bay for Norwegian ports late April and early in May.

It is not believed the Josephine Ford can assist the young man last mentioned, because the mountain wilderness covers a vast area and it would be almost impossible to locate traces of a single traveler.

A flight, however, may be made in that direction on the chance of finding him and dropping provisions.

MEDAL OF HONOR MAY FORM BYRD'S REWARD

[BY A. P. NIGHT WIRE]

WASHINGTON, May 12—Award of the Congressional Medal of Honor to Lieutenant-Commander Richard E. Byrd for his dauntless courage and unerring skill in piloting the first aircraft over the North Pole was proposed in a bill today by Representative George H. Odell.

The measure would authorize "due recognition" to other members of the Byrd expedition.

These two buildings, with the Allerton Club, a massive pile of stone, in the modernized architectural style and showing a complete roof, dominate the rapidly growing skyline of the near north, an area specially stabilized by the Michigan Avenue link bridge was pushed over the Chicago River at a cost of \$16,000,000.

In the heart of the loop, is the great stone steeple of the Chicago Temple, surmounted by a cross 565 feet above street level. A block away is the tall hotel in the tower, the forty-six story Marshall tower. One of the most commanding of the new Michigan Avenue structures is the thirty-two story Strand Building.

An interesting feature of the buildings of sixteen to twenty stories is that most of them have roofs that can be seen from the street. The box and the cornice are passing into the architectural limbo.

COLLEGE STUDENTSOLD-TIME TRAVELING MEN MEET
Careers Go Back to Covered-Wagon Day

(P. & A. Photo)

(EXCLUSIVE DISPATCH) SAN DIEGO, May 12.—Two of the oldest traveling men in the business, men whose careers date back to the days of the covered wagon and the high-wheel bicycle as means of transportation, met here at the convention of the United Commercial Travelers. It was fitting that they should meet here, for both H. L. Judell and E. C. Smith were fellow-travelers in the first train the Santa Fe ran into San Diego from San Bernar-

don to San Francisco in 1859.

Mr. Judell, 70, and Mr. Smith, 68, represent for you the degree of success I asked of Mr. Campbell. "The one thing we can do is to stimulate the souls of eight or ten millions of young men, and with financial recompense, to stimulate the young lawyers who have young men from the galleries receive a fortune as the result of their services."

Mr. Judell, 70, and Mr. Smith, 68, are successful as a gold mine, or even as a football player. If the measure of success is based on the number of important taints, perhaps Mr. Judell is at a disadvantage, if the comparison is based on the number of services rendered to the world and then, the case of Mr. Smith, it is not too, hopeless."

GOVERNORS TO WITNESS DEDICATION

Klamath River Bridge One of Finest on West Coast; Richardson to Speak

(BY A. P. NIGHT WIRE) SACRAMENTO, May 12.—With

in the next few days two Governors, the highway commissioners of two States and a throng of other public officials and representatives of city, county and State organizations, will be gathering in Del Norte county to participate in the dedication next Monday of the new Douglas memorial bridge across the Klamath River.

Constituting an important link in the chain of motor vehicle communication between California and Oregon, the new bridge is not only the largest in the California State Highway system but is the second largest in the country. It consists of five reinforced concrete spans each 210 feet in length, with two fifty-foot approach spans, making the total length 1,150 feet.

The bridge bears the name of Dr. G. D. Douglas, of Oregon, because of his labors as an Assemblyman for the passage of an adequate appropriation for building the bridge across the Klamath River.

Dr. Douglas died suddenly in 1922 just after making a plea for the bridge before a legislative committee, and at which the appropriation was passed in the sum of some of the cannon using solid shot.

Board of Trade Sends Petition to Railroad Commission

(EXCLUSIVE DISPATCH) HANFORD, May 12.—Kings county took energetic action today, uniting with its neighboring county of Tuolumne in the hearing opened yesterday at Modesto before the Board of the State Railroad Commission regarding stage connections between Hanford and Sequoia National Park by way of Visalia and the Don Pedro Canyon. The Board of Trade directors passed a resolution asking the Railroad Commission to grant the Sequoia National Park State Company to change its name to the Kings County Interurban and to run over the Old Colony Hill road to a route over the Generals' Highway, just completed.

The resolution states that the stage company, owned by Elbert Askin, has been giving adequate and satisfactory service by stage to the park for several years, and that the company is adding a stage to take care of an increase in traffic, that a permit should be granted to Askin to operate over the new road with its western terminus at Visalia.

In opposition to the Akin Company, the Sequoia and General Grant National Parks Company, which recently secured a twenty-year concession to stage park, has asked for a permit to operate over the new road over the new Generals' Highway. It is reported that the Kings County Board of Trade and all other promoters bodies in the county, will sign a resolution similar to that presented by the Hanford Board of Trade and present it to the Railroad Commissioners.

Gov. Friend W. Richardson will deliver the dedicatory address at Monday's ceremony, other speakers will include Gov. Walter H. Piero of Oregon, Louis Everding, California Highway Commissioner; D. L. Morrison, State Highway engineer; President Fredrick M. Burton, Towns, president of the Redwood Highway Association; Burton Towns, president of the California State Automobile Association; President H. W. Miller of the Southern California Automobile Club; Dr. L. I. Hewes, chief engineer of the Public Roads and News Bureau of the City of Los Angeles; Harvey H. Torn, of the California Highway Commission, will be chairman of the day.

GIRLHOOD TO MOTHERHOOD

Iowa Woman Found Lydia E. Pinkham's Vegetable Compound Always Helpful

Vinton, Iowa.—"When I was seventeen years old I had to stay at home from school. I finally had to quit school, I was so weak. I suffered for a bit over two years before I took Lydia E. Pinkham's Vegetable Compound, then I picked up one of your books and read it. I began taking it, I became a keeper with six children, and I have taken it before each all the good I have received from it. When I am not as well as can be I take it. I have been doing this for over thirteen years and it still helps me. I read all of your little books I can get and I tell everyone I know what the Vegetable Compound does for me."—Mrs. Frank Sellers, 510 7th Avenue, Vinton, Iowa.

Many girls in the fourth generation are learning their own personal experiences the beneficial effects of Lydia E. Pinkham's Vegetable Compound. Mothers who took it recommend it to their daughters as a dependable medicine.

POOR EYESIGHT YOUR EYES EXAMINED GLASSES COMPLETE \$2.90

An examination of your eyes, a pair of spherical glasses, in a frame, complete for \$2.90 a week only.

Given shell frames, tortoiseshell, cylindrical, fancy shapes and double vision glasses correspondingly low.

Poor eyesight is the cause of many troubles. It is at least a great inconvenience at times. Eye strain may cause headaches, nervousness, squinting, insomnia and many other troubles.

Many eyes are easily corrected while many more are not. You may be the latter and that is where Experience, Knowledge and Ability count—by overcoming these "snags."

You can't afford to take the chances.

Have an Oculist's Examination—insist upon it. Correct vision increases one's earning power. Give your eyes the best of care. They are worth it.

I try to be reasonable in my charges. No "drops" used. Some of your neighbors are wearing glasses I fitted.

HAUGEN RELIEF BILL AMENDED

Changes Made to Meet Fire of House Critics

Sponsors Agree to Cut Size of Appropriation

Leaders Opposed to Measure Hold Conferences

BY A. P. NIGHT WIRE
WASHINGTON, May 12.—To meet the broadside of criticism fired from the floor of the House at the Haugen farm-relief bill, its sponsors agreed today on amendments to cut the price stabilization appropriation from \$375,000,000 to \$175,000,000 and to impose immediately the equalization fee on sales of certain crops instead of deferring it two years.

The House was occupied with other business today, and farm legislation went over until tomorrow when the amendments probably will be offered. Reading of the Haugen bill for amendment will be followed by a vote when that is completed. It will be amended as substitutes the Tinker credit measure and the Curtis-Ashwell commodity marketing proposal. Final votes on the three bills are expected before the end of the week.

ANNOUNCES CHANGES

Chairman Haugen of the Agricultural Committee announced the changes to be made in his bill after a conference with a number of House members at which Frank W. Murphy, of New York, and two delegations of farm organizations in the corn belt were present. Murphy and Peck indorse the amendments which Mr. Haugen and other supporters of the bill pointed out which would restore the bill to its original form, with an immediate tax on wheat, corn, cattle, hogs and butter, but with certain exceptions not amounting to \$100,000.

"If the fee is imposed at once," explained Mr. Haugen, "we will not need as large a revolving fund. It has been decided at \$175,000,000 with the idea that there would be no revenue for two years. The cry of subsidy has been persistent during the debate. This should silence it, for with the fund secured there the fee there would be no subsidy."

LIMIT COTTON CHARGE

Another amendment to be offered by Mr. Haugen would limit the service charge on cotton to \$2 a bale. While there would be \$2 a bale, those that produce growers would receive from the proposed Federal Farm Board would assess themselves as security. Of the \$175,000,000, cotton would get \$75,000,000.

Amendments to divide between themselves another \$75,000,000, and \$25,000,000 would be for emergency uses in helping smaller crops.

The supporters of the bill would refuse to accept any other important changes in the bill and would insist on retaining the provision for maintenance of the price of basic crops in the world market quotation, plus the import tariff.

He will oppose any effort to strike out the section giving the President authority to declare an emergency on any product.

Although supporters of the Haugen bill believed the amendments agreed on would improve its chances of passage, they declined to concede strength.

Shortly after they were announced, however, House leaders opposed to the bill held a number of conferences with Representative Tilden, office with Representative Tilden, the Republican floor leader, and Chairman Snell of the Rules Committee, among those in attendance.

No indication was given as to what plans, if any, were worked out for combating the bill.

Officers will be elected Friday.

San Pedro was chosen for the 1927 convention after Santa Cruz withdrew.

BY A. P. NIGHT WIRE

SANTA ROSA, May 12.—The Grand Parlor of the Native Sons of the Golden West, in convention here, today agreed to appropriate \$10,000 for the erection of a monument on Point Loma, commemorating the discovery of California by Cabrillo, provided \$50,000 is raised by the San Diego Parlor for the same.

The total cost of the proposed monument is placed at between \$150,000 and \$200,000 and the Native Sons have applied for a grant of government funds for its erection.

An appropriation of \$500 for the Santa Barbara Mission rehabilitation fund was made.

Officers will be elected Friday.

San Pedro was chosen for the 1927 convention after Santa Cruz withdrew.

BY A. P. NIGHT WIRE

WASHINGTON, May 12.—An announcement that the Navy Department plans to have the dirigible Los Angeles take a trial flight to Detroit some time during the present training season, to test out the mooring mast constructed there last fall, was made by Secretary of the Navy Wilbur today.

No date has been set for the flight, the Secretary stating that the present schedule of trial flights will be completed before arrangements are made for the western trip. The Los Angeles will fly over Washington Friday during the seaplane races for the annual Marine trophy race which will be flown over the Potomac River.

It was during a trip through the Shetland Islands that the Los Angeles was destroyed last fall. At that time it was planned to have the dirigible test out the mooring mast which will be flown over the Potomac River.

For overnight use apply Zemo ointment and as a preventive of skin troubles bathe regularly with Zemo soap. Any druggist can supply you with Zemo in either form, 60c and \$1.00.—[Advertisement.]

FUNERAL FOR PARKER ATTENDED BY LEADERS

BY A. P. NIGHT WIRE

NEW YORK, May 12.—Funeral services for Alton B. Parker, noted jurist and Presidential candidate, were conducted today in St. Thomas's Episcopal Church, the honorary埋葬者. The Masonic ritual was read over the grave.

Handings of suede leather with heraldic designs in colors are popular in Paris.

CONSTABLES HALT HORSE

BY A. P. NIGHT WIRE

WEST EPPING (N. H.), May 12.—Undertaker Alden Kelly and driver, Abbott Burdett, were held up by two constables armed with revolvers, as they were returning to Epping at 2 a.m. with a body in an auto hearse. As Burdett started to speed up after being ordered to stop, he felt the barrel of a revolver pressed against his head and stopped. Kelly told the officers there was a body inside, but the police, suspicious, investigated in the darkness of the machine.

Learning the truth, the undertaker was allowed to depart. The officers had been hunting for a week for a bootlegger's hearse and thought sure they had their man.

Marshal Pilsudski Leads Revolting Polish Army Into Warsaw

Marshal Piłsudski, at the head of His Revolutionary Forces, Last Night Entered Warsaw and declared military law preparatory to proclaiming a new government. The entry into Warsaw came a few hours after the Marshal declared a revolt against the existing peasant government, and was accomplished without serious opposition. Entrance into the Polish capital was preceded by the seizure of Praga, a suburb, after a march on the city lasting through the earlier part of the day. It was rumored the government was prepared to offer Piłsudski the presidency to quell the revolution. Marshal Piłsudski is pictured above, flanked on his right by Polish infantry of the type which composes his forces, and on the left by Polish cavalry.

Twenty-Five United States Navy Divers are Operating from the S.S. Vestal in an effort to raise the sunken submarine S-51, which went down off of Block Island last September and carried practically its entire crew to death. The divers will use new 1000-watt electric lamps in their explorations of the sunken underwater craft, and will be aided by every modern device. Photo at left shows diver with one of the big lamps. Middle—seaman putting divers' communicating lines in order. Right—the S.S. Vestal with one of the big pontoons to be used in raising the S-51. (P. & A. and Herbert, Inc., photos.)

A Class of Forty-nine Comely Nurses received their diplomas as graduate nurses from the General Hospital at graduating exercises at Lincoln High School last night. One member of the class, confined with diphtheria, received her diploma by proxy. Dr. Neal Naramore Wood, superintendent of the hospital, acted as chairman.

Four Additional Deputy Sheriffs were added to the staff of County Jailer Dewar yesterday in the persons of Mrs. Rosa Christopher, Mrs. Mable Guilliams, Mrs. Esther Wasserman and Mrs. Matilda Sufleth, pictured above, left to right, receiving their badges at the hands of Mrs. Vada C. Sullivan, matron. (Times photo.)

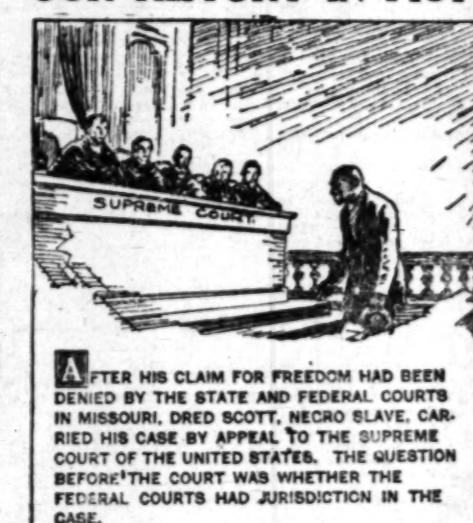

Chief of General Staff of the Japanese Army, Gen. Sudański, is pictured above as he appeared shortly after he had been appointed to the post at (P. & A. photo.)

The Dred Scott Decision—1857.

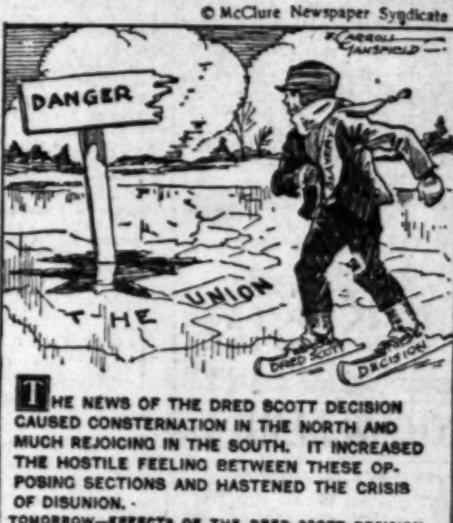

After his claim for freedom had been denied by the state and federal courts in Missouri, Dred Scott, Negro slave, carried his case by appeal to the Supreme Court of the United States. The question before the court was whether the federal courts had jurisdiction in the case.

On March 6, 1857, the Supreme Court decided in the negative, basing its decision on the ground that Scott, a slave, was not a citizen according to the Constitution, and that temporary residence in free territory had not freed him.

Chief Justice Roger Taney, voicing the opinion of the majority of the justices, declared that the Constitution, at the time of its adoption, respected the rights of white men only; that a slave was a piece of property that could be taken by his master from one part of the Union to another, and that, as Congress could not legislate against property, the Missouri Compromise Act was unconstitutional.

The news of the Dred Scott decision caused consternation in the North and much rejoicing in the South. It increased the hostile feeling between these opposing sections and hastened the crisis of disunion. Tomorrow—Effects of the Dred Scott decision.

These daily history strips make a unique pictorial history of America.

Hundreds are clipping them daily and pasting them in scrapbooks.

HOOVER CITES TREND TO BETTER ECONOMIC ERA

Secretary Tells National Chamber of Commerce Nation Turns to Mass Production

(BY A. P. NIGHT WIRE) WASHINGTON, May 12.—Economic and social changes in the last quarter of a century were pictured by Secretary Hoover tonight as having given rise to the hope of solving the country's greatest problem—the method by which "social satisfaction is to be attained with the preservation of private industry, or initiative, and a full opportunity for the development of the individual."

Addressing the annual dinner of the United States Chamber of Commerce the Secretary declared the whole trend of the times were not the objective of life itself, "if by their steady improvement we shall yet further reduce poverty and create more opportunity, then we shall have served God to make better men and women."

The Commerce Secretary was the only speaker at the dinner, while the general session during the day was opened with a discussion of resolutions and an address by Gov.

POSLAM WORKS MAGIC FOR UGLY SKIN TROUBLES

No matter how long you have been tortured and disfigured by itching, burning skin eruptions, put a little of that soothing, CONCENTRATED Polson on the sore spots and the suffering stops instantly! Healing begins at once and your skin is clear and well again. At all druggists, 50c—[Advertisement].

Mrs. J. Rodriguez

"Dr. Pierce's Favorite Prescription has done wonders for me and I do think it is the best medicine that any woman can take during motherhood," said Mrs. J. Rodriguez, a resident at 125 Nampa St., Los Angeles. "I suffered greatly all thru expectancy, with sick stomach—could not eat. I was extremely nervous and got so weak I was not able to get around to do my work. Finally I began taking Dr. Pierce's Favorite Prescription and I have never taken a medicine that acted so quickly. I got well enough to do my work, did not have to worry sick stomach, could eat, and felt well as any one could expect to under the circumstances. I had practically no suffering, was ill not over one-half hour."

Obtain this famous "Prescription" now, in tablets or liquid, from your druggist. Write Dr. Pierce, President Invalids, Hotel Buffalo, N. Y., for free medical advice. [Advertisement].

Here is sure relief for Constipation

You cannot be well and happy and be constipated—but in certain Headache, dullness, sallow complexion, sickness and operations are caused by constipation and our modern way of living. No laxative is effective that does not act on the entire bowel system. Just the emptying of the lower bowel does not give best results. The new accepted way is by taking KLOK-LAX tablets at 9 at night. KLOK-LAX thoroughly cleans the entire bowel system. Your druggist will guarantee KLOK-LAX in the "gold and black" box—18 tablets thirty-five cents.

KLOK-LAX

Busts of Famous Personages Unveiled

(Kadel & Herbert Photos)

Five of the nine busts unveiled in the Hall of Fame of New York University yesterday. (Above, left to right, they are those of—Roger Williams, founder of the colony of Rhode Island and Daniel Webster; (below) Edwin Booth, the actor; Jonathan Edwards, famous Calvinist evangelist, and James Kent, jurist.)

Five Sisters Die in Fire Caused by Still Blast

(BY A. P. NIGHT WIRE) WILKES-BARRE (Pa.), May 12.—Five young daughters of Mr. and Mrs. James Shadelowich were burned to death in their home at Plymouth tonight following an explosion of a still. Two other children and the mother were uninjured by the blast. The dead are Eleanor, 11 years of age; Helen, 10; Mary, 9; Anna, 7, and Agnes, 6.

GLASSIE MINIMIZES SUGAR TARIFF ROW

(BY A. P. NIGHT WIRE) WASHINGTON, May 12.—Commissioner Glassie, of the Tariff Commission, told the Senate tariff investigating committee to-day that the controversy over his statement on the sugar tariff is a tempest in a teapot. He said the holdings of his wife in a sugar plantation stock are small and that his participation in the sugar-tariff deliberations concerned him in drinking bay rum February 4, last.

TURPITUDE BAN RAISED BY MEXICO

New Immigration Rules Bar Persons Involved in Morals Episodes

(BY A. P. NIGHT WIRE) EL PASO (Tex.), May 12.—Moral turpitude, which gained national attention in the Countess Cathcart case, has spread to the Mexican border.

This was disclosed today in the announcement of Manuel M. Llaman, chief immigration inspector in Juarez, of the new border regulations, promulgated June 1, which provide for barring from Mexico any persons involved in cases of moral turpitude.

Tourists will be allowed to enter Mexican ports by showing their railroad tickets, but El Pasoans will have to have letters from their Mayor and are subject to the following limitations:

"We do not admit no idiots, blind, senile or infirm persons. Women under 25 years of age will not be admitted unless accompanied by parents or guardians."

Each person who has served jail sentences, persons involved in cases of moral turpitude, members of radical organizations or those likely to be come objects of charity."

SAILOR MAY SUCCUMB TO AUTO HURTS

Chief Steward from Liner Found Unconscious; Hit-and-Run Driver Blamed

T. W. Telber, 48 years of age, chief steward aboard the Pawtucket, suffered brain concussion and internal injuries which are expected to prove fatal within a week. He was driving a hit-and-run motorist on Water street last night at Wilmington.

The police found the man unconscious in a drift of blood resulting from the supposed point of impact about thirty feet distant. He was taken to the Wilmington Emergency Hospital, where he regained consciousness, though still unconscious, and gave his name, state his name, address and calling. Dr. G. R. Le Marguand, who attended Telber, expressed the belief that the latter can hardly live.

Telber gave his residence as 2962 Twenty-sixth street, San Francisco.

Coolidges Visit Disabled Heroes on Hospital Day

(BY A. P. NIGHT WIRE) WASHINGTON, May 12.—President and Mrs. Coolidge observed hospital day today by distributing cookies, candy, gavies and a lot of good cheer to disabled veterans at Walter Reed Hospital.

A word of personal greeting and handshakes were given the veterans and one of them, Bonny Sprague of Clark, S. D., obtained the President's autograph.

Mrs. Coolidge, who was not a work-girl but a nice, well-bred woman, gave publicity to the veterans; to buy paper-clips and door-wax and report-blanks at sweet prices; to assist in need, in two or three instances.

It was to direct the nurses and two sanitary inspectors; to

the Garbage Removal Com-

pany; to the Red Cross to have

them welcome, spend in re-

lax, unless somebody inter-

vened."

Gang Robs and Beats Angeleno in Sacramento

(BY A. P. NIGHT WIRE) SACRAMENTO, May 12.—A 16-year-old boy who leaped upon him from ambush near the waterfront, Charles Le Roy, 30 years of age, a recent arrival from Los Angeles, and a former marine, was robbed, beaten and nearly drowned in the river and then stoned. Half-dressed, he swam ashore and was later treated at the Emergency Hospital.

In addition to Boones and Peas, the busts unveiled were those of Edwin Booth, Jonathan Edwards, Augustus Saint Gaudens, James K. Polk, Chief Justice of the New York Supreme Court and Chancellor of the State in 1814.

FLEET TO GO NORTH

Sixty-one First-Line Ships Will Go Through Golden Gate

(BY A. P. NIGHT WIRE) SAN FRANCISCO, May 12.—Sixty-one first-line vessels of the United States Fleet will visit San Francisco for three days, beginning today, it was reported.

The visit is part of the annual Coast practice maneuvers and will permit participation by the sailors in naval ratings and three-day ratings for non-commissioned officers.

Thirty-three destroyers, eleven battleships, ten fleet base ships, six submarines, one destroyer tender, one transport, one hospital ship, one airplane carrier and the cruiser Omaha, flagship of the destroyer squadron, are included in the fleet, which will sail from Los Angeles Harbor June 14 on a two weeks' cruise.

Gen. Joaquin Amara, War Minister, is at present at Acapulco, where a similar fight took place recently. Amara is personally directing the campaign against the rebel bands which recently appeared throughout the State of Guerrero.

The War Office does not attach any importance to the attack on either Acapulco or Zihuatanejo, stating that Federal forces are in pursuit of the rebels, who are fleeing from the coastal towns to the hills, having failed to capture war material which was their objective.

RELEASE DEMANDED

Japan Cables Soviet in Case of Editor Held as Spy

(BY CABLE—EXCLUSIVE DISPATCH) TOKYO, May 12.—The Foreign Office today cabled to Moscow asking for the release of Hidetoshi Nogi, editor of the Magazine Industrial World, arrested by Soviet police on the Siberian-Chinese border on charges of being a military spy.

Nogi, a Buddhist Japanese, arrived in the United States last year while on his way from Japan to Moscow.

MANAGER FOR WILSON DIES FROM PLEURISY

(BY A. P. NIGHT WIRE) NEW YORK, May 12.—Walker Whiting Vick, 47 years of age, manager of Woodrow Wilson's first campaign for the Presidential nomination, died yesterday at his home after a six days' illness.

He was general receiver of Dominican customs from June, 1913, to October, 1914. A report by him on conditions in Haiti, prepared

there in 1913, resulted in American occupation and treaty control.

YELLOW PINE EARNINGS OFF

Annual Statement of Mining Company Reported

Net Profit in 1925 Slightly Less Than in 1924

Development Work in Prairie Flower Progresses

Net profit of the Yellow Pine Mining Company for the year ended December 31, last, after all charges, depreciation and depletion amounted to \$146,412.23, equivalent to 15 cents a share on the 1,000,000 shares of \$1 par-value capital stock outstanding, compared with \$165,674.17, or 17 cents a share, in the preceding year, the company's annual report just issued by J. F. Kent, president, shows.

Gross profits in 1925 were \$376,685.24, as against \$345,073.47 in 1924. After deducting operating expenses, net profits before depreciation and depletion amounted to \$93,076.65, as against \$123,013.82 in 1924. Depreciation and depletion charged in 1925 amounted to \$57,664.33, as compared with \$150,156.34 in 1924. The assets of the company at December 31, last, aggregated \$170,765.83.

The Yellow Pine Mining Company is one of the four mining companies listed on the Los Angeles Stock Exchange that is paying dividends at the present time. During 1924 and 1925, a dividend of 15 cents a share was paid, a dividend of 15 cents a share in each year.

The company was incorporated under the laws of Nevada in 1902. Its property consists of fourteen patented claims in Clark county, Nevada, and six claims known as the Prairie Flower group, located north of the Yellow Pine ground. The company owns 554,584 shares of the Prairie Flower Mining Company's stock. In the afternoon of December 31, last, the company had paid as of December \$1, last, a total of \$10,20,000 in dividends since organization.

NEW MAIN LINE FORESEEN

Direct Inland Connection Between Los Angeles and Portland Presaged; Owens Valley Would Benefit

BY EARL E. CROWE

Ostensibly only Eastern Oregon and Northern California are interested in the authorization announced yesterday by the Interstate Commerce Commission of the construction of some 400 miles of new railroad in those regions. If certain corollary developments follow, the announcement carries fully as much significance for Los Angeles, Southern California and the Owens River Valley, for it will mean the early realization of another main line out of Los Angeles.

Those who followed the dispute between the Southern Pacific and the Union Pacific over the Central Pacific properties will remember that the Southern Pacific promised to standardize its line running from Mojave through the Owens River country to the main line of the Southern Pacific that runs to Oregon. The promise was conditional upon the completion of the Natron cut-off construction in the Northwest, which is now indored, including the several ramifications of the Natron cut-off, which will be finished this summer. The line is now open for the Nevada-California project.

When this work is completed, a standard gauge line will be built from Los Angeles by the inland route directly to Portland and the Pacific Northwest. This will pass through Mojave, the Owens River Valley, through Nevada and into Portland by way of Klamath Falls. It will connect with the main line of the Southern Pacific running from Oakland to Oregon and eastward.

The advantage of such a line to Los Angeles is that it will shorten the distance between this city and the port of Portland. It will also enable shippers here to avoid the traffic congestion on the Coast line of the Pacific. By the inland route through Mojave, the distance between Los Angeles and Portland is 1,100 miles, compared to 1,170 by way of the Coast.

On shipments to the Middle West through the Oregon gateway, the inland route will also expedite the movement of traffic. By using this line shippers will again avoid the congestion on the Coast line between Los Angeles and Portland.

This is the converting part of this line to Standard gauge. It will cost several million dollars and probably involve the relocation of that part of the road now used by the Natron cut-off. The portion affected extends from Owendo, in the Owens River Valley, to Tonopah Junction in Nevada, or about 134 miles.

In this project goes through to completion, as outlined by the Southern Pacific during the Central Pacific controversy, all of the interland connections to the Colorado River country, potentially undeveloped resources, should ultimately come into its own.

The stimulation of development and population will be great. A well with an initial production of 2,000 barrels will have only four months life, to be followed by 100 barrels per day for 10 years. In the meantime, the oil will have been recovered.

"A well with an initial production of 2,000 barrels will have only four months life, to be followed by 100 barrels per day for 10 years. In the meantime, the oil will have been recovered.

Mr. Clegg, in his address, brought out the fact that no high grade oil has ever been found for crude oil. There is no need, he asserted, for the waste in capital investment.

As part of the program, Victor H. Killick, past president of the association, broadcast over the radio a short speech on how statistics are used in criminal investigations.

Report Arizona Trade Holding at Fair Level

DEEP WELL MORTALITY RUNS HIGH

Van Couvering Presents Statistics on Life of Oil Production Here

Mortality among the deep oil wells, extending from 4,500 to 7,000 feet in depth, runs at a rate that places this type of oil exploration upon an especially hazardous basis. Martin Van Couvering, petroleum geologist, told the members of the Western Statistical Association last night at their regular monthly meeting, with Warner S. Leland Rex Robinson, a man who knows investment trusts as few do both from the theoretical and practical standpoints.

Those who followed the dispute

American Power and Light Subsidiaries Have Reported an Increase in Both Gross and Net Earnings Every Month in the Last 16 Years—This Record is Enjoyed by Few Companies

EXCLUSIVE DISPATCH

(Continued, page 2, New York Evening Post, last NEW YORK, May 12.—An increase every month and every year compared with the same period of the year before in both gross and net earnings, is the earning record of the operating subsidiaries of the American Power and Light Company for the last sixteen years. Few companies in the industry can claim to such a remarkable showing.

For the twelve months ended September 30, 1925, gross earnings of operating subsidiaries amounted to \$105,627,000. For the year ended December 31, last, gross earnings were \$118,148,000. For the year ended December 31, last, gross earnings were \$105,519,120 and net \$21,818,173. Although many new properties have been added from time to time through the large percentage of the increase represents growth of companies owned at the time comparisons were first made.

Subsidiaries of the American Power and Light Company rank well above the average of gas and electric concerns in this country in power and steady growth of earnings, still the results of these companies might well be used to illustrate the stability of the industry in general.

The largest increase in earnings of these companies occurred in

the twelve months ended November 30, 1920, when gross was \$26 million larger than for the previous twelve months and net \$39 per cent larger. The smallest increase in gross was for the twelve months of only 1 per cent was shown. Net earnings, however, have never shown less than a 5 per cent increase.

Principal subsidiaries of the American Power and Light Company include the Kansas Gas and Electric Company, Pacific Power and Light Company, Portland Gas and Electric Company, Seattle Gas and Electric Company, Council Bluffs, Minnesota Power and Light Company, Central Arizona Light and Power Company, Texas Power and Light Company, the Fort Worth Power and Light Company.

Subsidiaries serve a total of 532 communities in Arizona, Florida, Idaho, Iowa, Kansas, Minnesota, Nebraska, Oregon, Texas, Washington and Wisconsin. Total consumers served in these communities is estimated at 2,670,000. Approximately 49,000 consumers are served, of whom 45,000 are supplied with electric power and light service.

Total assets of the parent company at the close of 1925 amounted to \$23,873,402. Current assets were \$15,814,900, against current liabilities of \$614,184, indicating a ratio of nearly 2 to 1. Burden stood at \$4,126,420.

Properties owned by the operating subsidiaries include electric generating stations having an installed generating capacity of 6,171,000 kw, with 100,225 kilowatts additional capacity under construction. They also own 5,454 miles of high-voltage transmission lines and 7,373 miles of electric distributing systems.

Power and Light Company has participated in no

small measure in the development

of the South in the past year or two. It owns the largest

private electric properties

in Miami and Miami Beach and the surrounding vicinity, and the operation of these has been greatly augmented by the new properties acquired in that territory.

In 1924 it installed an additional steam-turbine generating unit at the Miami Beach power plant, a 10,000 kw unit at Miami. The growth of business was so large that it became necessary to install another unit of 15,000 kilowatts early in 1925 at Miami.

Properties of the company are

held by the Electric Bond and Share Company.

will be opened throughout this territory as occasion offers.

Market Prices

(By A. P. NIGHT WIRE)
NEW YORK, May 12.—Copper steady, electrolytic spot and futures 13 7-8. Tin steady, spot and near-by futures 60.00. Iron steady, prices unchanged. Lead easy, spot 7.15. Zinc steady, East St. Louis spot and futures 6.75 @ 6.80. Antimony spot 12.50.

The Clearinghouse

News of Spring Street

Arthur G. King, for the past six years head of the large ocean terminal at Norfolk, Va., has become associated with Cecil B. De Mille as personal business manager and financial adviser, according to an announcement yesterday from the De Mille Studio.

Mr. King is filling the position

until recently held by John F.

Fisher, who resigned a short time

ago to devote his time to the

promotion of steel imports, particularly in the Pacific Coast.

Mr. King has been associated with the Magazine of Wall Street, one of the oldest and best-known financial publications.

Western headquarters are being

opened at San Francisco for all business in California, Oregon, Washington, Idaho, Montana, Nevada, Utah, Arizona, British Columbia and Hawaii. Branch offices

in the West, the third largest

unit that for the year

ended March 31, 1925, gave 11,500 tons of this

steel. Two buildings in New

and the National Press Building.

De Mille's studio has been

rented to the Bank of America.

A. P. NIGHT WIRE
KANSAS CITY, May 13.—The
merchants of Kansas City have set
out to transform their Main street
into a Middle Western Fifth ave-
nue.

Sinclair Lewis's "Carol Kenni-
er" failed in her attempt to make
over the Main street of Gopher
City, Minnesota, into Kansas City
business, men are using different
methods and the progress so far is
evidence of their success.

In 1922, Robert Green Coker,
of the 10th Avenue Association
of New York, came to
Kansas City and told of the im-
provements that had been made
in the other cities. He then turned
to the theory that this
should be taken outside of
the city.

As a result of this development
a committee was formed to
make over Main street into
a Middle Western Fifth ave-
nue.

Entertainment to Feature Dedication

California's annual Valencia Orange Show—this year a veritable Greek temple dedicated to the citrus goddess—opens today at Anaheim.

The gates of the grounds and the doors to the show will be opened this morning, but it is not until tonight that the formal opening takes place. Then Mayor of Los Angeles will deliver the principal address. There will be tableaux, entertainment by radio artists, a welcome on behalf of Orange county by Tom Thobert, chairman of the Board of Supervisors, after which Dr. H. A. Johnson, president of the show, will declare it officially opened.

Proceeding the opening tonight will be the dinner of the Elk Club in Anaheim, at which mayors of a dozen Southland cities and others prominent in political, social and business circles, will be honored guests.

TWO GREAT TENTS

The show, housed in two great tents, consists of the furniture exhibit, department of orange-bull structures and the industrial show and automobile salon. In addition, there is a March of Bands, a Grecian tent and a separate small tent housing an unique exhibit of California paintings from the Laguna art colony.

The keynote of the entire show, it disclosed, is the presentation of the Siega of Troy. To that end, the decorators created a huge 20x40-foot hollow wooden horse and chariot.

Tent poles have been transformed into Hellenic columns. The tents are hung heavily with gorgous draperies. The stage is a Greek temple, and the Greek town is seen in the many striking feature exhibits, representing Grecian temples, castles and shrines.

SPECIAL DAYS

Tomorrow will be school children's and K.I.J. day, with artists from the radio department, headed by Uncle John, on stage Saturday, appearing on the stage. Saturday will be San Bernardino county, real estate and commercial secretary day. Real estate and commercial secretaries as well as a heavy attendance from San Bernardino, are expected.

Los Angeles county, whose feature is the 100th anniversary of the birth of Queen Silver, who at the tender age of 15 years has gained much fame as a lecturer because of her familiarity with the Einstein theory and evolution, to George H. Roser, attorney and candidate for Governor on the Socialist ticket in 1918.

In announcing the marriage, the mother, who is also well known in local circles as a lecturer, said the ceremony was conducted in Tia Juana, April 14, last, the girl and her fiance being accompanied to the border city by the mother and stepfather, Henry V. Roser, attorney and a leader of local Socialists, who is 40 years of age.

News of the wedding, which occurred Monday, was announced yesterday by Mrs. Grace V. Roser, who also said the marriage will not interfere with further appearances of her daughter on the lecture platform nor with the publication of a

magazine dealing with science and psychology.

The ceremony was conducted in Tia Juana, April 14, last, the girl and her fiance being accompanied to the border city by the mother and stepfather, Henry V. Roser, attorney and a leader of local Socialists, who is 40 years of age.

MEMBER OF THE ASSOCIATED PRESS
The Associated Press is exclusively entitled to the use for republication of all news credited to it and otherwise credited in this paper and also all news and other material herein that is not the property of the Associated Press.

The Times aims at all times to be accurate in every published statement of fact. Readers who will consider it a favor, will bring the attention of the Editor to any statement that errors.

THE UPLIFTERS
A lady stepped into the elevator at the Biltmore yesterday and had her face lifted. Her skirts went up, too.

COMMUNITY BIRTHDAY
In a Pennsylvania family the father, mother, son and little grandson all have birthdays on the same date. There isn't a chance of overlooking the day in that household.

KEEPS TUMBLING
If the French cannot stop the fall of the franc in any other way they might try issuing a proclamation. They can command it to stand still. But will it respond as the sun did to Joshua or as the sea did to Canute?

HAS RESOURCES
The new Shah of Persia is a fine-looking and a brilliant pianist. If the fates are unkind or his throne totters he could be sure of getting a profitable job with a jazz orchestra. He is, therefore, more independent than some rulers who might be mentioned.

THE MOVIE MIX-UP
According to the press agent from the movie metropolis Lewis Stone is now in "Collusion" with Anna Nilsson. This should be pleasant, but hardly to be compared with the confession that Milton Sills is in "Parade" with Aileen Pringle. Did he bring his dominos with him?

THE SEA GULL
Those who peer into the future tell us that in a few years most of our "liners" will be giant hydroplanes, which will just skim over the crest of the sea and be competent to survive any weather conditions. They will be able to supply the speed which all travelers now seem to crave.

NOT ENOUGH WORK
In Bulgaria workers are not permitted to put in more than eight hours, but this is because there isn't work enough to go 'round. There are thousands of idle men and in industries where a run of longer than eight hours is required another shift of men may find employment.

THE BIG PARADE
On a recent day there was a parade of nearly 1500 unpedigreed dogs on the streets of New York. There was not supposed to be a registered animal in the show, but for all that it was an interesting and rather orderly procession. It must be admitted that some of our brainiest bounds, as well as men, have no blue blood in their ancestry. There are some right worthy dogs among the mutts.

JAZZ AND BABIES
An Ohio court has granted an injunction against the opening of a vaudeville theater next door to a maternity hospital. The thing was done upon the petition of the Salvation Army and the argument was that America did not want her babies born to the strains of jazz music. It will take more than an injunction, however, to meet this cry. There are an awful lot of jazz babies already and the number seems to be swelling.

ART AND THE MODE
The girls we have with us today are very beautiful, but it must be admitted that the great artists are not painting any of them. Of course, it will be said that the maidens are themselves artists and are doing their own painting, but what is meant is that the garb of the new girl does not appeal to the painter of portraits. Our damsels are not inspiring any notable works of art. In their bathing dresses they make good magazine covers, but they are not models for masterpieces from the brushes of the really great artists. The girls have quite a lure with their bobbed hair and sport suits, but the picture doesn't thrill so much when it is transferred to canvas. The big painters like to catch their girls with long hair and in simple classic drapes.

THE DIFFERENCE
Now it is mentioned that during last year Gov. Richardson freed but one prisoner from the State penitentiaries. In that case it had been learned that an innocent man had been convicted and the judge and prosecutor signed the petition for a pardon. Anyhow, full freedom was granted to but one man. In Texas in sixteen months the woman Governor extended clemency to 1715 convicts. In Illinois Gov. Small's administration has opened the prison doors to more than 2000 convicts—many of whom were Chicago gunmen who have gone back to the big city to practice their bloody calling. Emotional sob-sisters, who think our murderers are being brutally treated by long confinement in prison, might take up residence in Illinois and Texas and find everything to their liking. There the slayers are released and given every chance to plug the next victim.

GENERAL STRIKE FAILS
Whether the rescinding by the Trades Union Congress of its general strike order means peace for British industry or only a truce cannot now be determined. All depends upon what happens tomorrow and the days after. For the present the general strike has failed. The trade unions did not succeed in their attempt to dictate to the government. Premier Baldwin's ultimatum that there would be no further negotiations until the strike order was withdrawn proved effective. The disagreements that the Communists had planned in the army and the navy did not materialize. The troops followed the orders of their superior officers to the letter. The world has received convincing demonstration that Parliament and not the Trades Union Congress is the governing body of Great Britain.

At the very hour that Trotsky was wiring a message to the British labor unions to "fight like devils" to seize the barracks and the ships, the high officials of the Trades Union Congress withdrew their general strike order. The union-labor leaders assert that they have demonstrated the solidarity of the working classes; but the cables relate that nearly 3,000,000 volunteers had in eight days taken the place of strikers. The government was able to carry on; and the sympathy of the public was with the government.

There is significance in the warning uttered by Trotsky in Moscow that "If the British proletariat loses its fight it will be a hard blow to the international and internal situation of the soviet union." That fight has been lost. The proletariat revolt miscarried. The more Moscow cried for violence the less the British workers were inclined to violent action. The blow to the soviet union has been struck. The general strike proved as ineffective in England as in Italy. The hit of that weapon is apparently sharper than the blade.

But calling off the general strike order does not solve the coal problem in Great Britain. The miners still insist that they will not concede "a penny in wages or a minute in time." The wages they demand for seven hours' work are higher than the industry can pay. During the last nine months the mine owners have received no income from their properties, and the government has paid from the tax fund \$109,000 in subsidies.

THE COAL INDUSTRY

The cost of production is so high that coal can be delivered from Germany or the United States to Newcastle cheaper than it can be brought to the surface from the British mines. The average daily wage of the British miner is only one-third that received by American miners. The men see only this and demand more pay. But the average production of the American miners in eight hours is a little more than four tons, while the average production of the British miner in seven hours is a little less than one ton.

The English miner receives a higher price per ton for his labor than either the American or German miner. He is the highest paid for what he produces of any miner in the world; but his daily wage is only one-third that of the American miner.

Finally, there is something vitally wrong with the British mining industry. The British miner works but seven hours a day. The American miner works eight hours a day and most of the continental miners nine and ten hours daily. But the Royal Commission has recommended against increasing the hours of labor to eight daily—because it would throw 130,000 men out of work. There is no prospect for increasing the export market for British coal, and if the men worked eight hours there would be a surplus which would mean temporary closing or half-time.

GREATER EFFICIENCY
In Bulgaria workers are not permitted to put in more than eight hours, but this is because there isn't work enough to go 'round. There are thousands of idle men and in industries where a run of longer than eight hours is required another shift of men may find employment.

THE BIG PARADE
On a recent day there was a parade of nearly 1500 unpedigreed dogs on the streets of New York. There was not supposed to be a registered animal in the show, but for all that it was an interesting and rather orderly procession. It must be admitted that some of our brainiest bounds, as well as men, have no blue blood in their ancestry. There are some right worthy dogs among the mutts.

JAZZ AND BABIES
An Ohio court has granted an injunction against the opening of a vaudeville theater next door to a maternity hospital. The thing was done upon the petition of the Salvation Army and the argument was that America did not want her babies born to the strains of jazz music. It will take more than an injunction, however, to meet this cry. There are an awful lot of jazz babies already and the number seems to be swelling.

ART AND THE MODE
The girls we have with us today are very beautiful, but it must be admitted that the great artists are not painting any of them. Of course, it will be said that the maidens are themselves artists and are doing their own painting, but what is meant is that the garb of the new girl does not appeal to the painter of portraits. Our damsels are not inspiring any notable works of art. In their bathing dresses they make good magazine covers, but they are not models for masterpieces from the brushes of the really great artists. The girls have quite a lure with their bobbed hair and sport suits, but the picture doesn't thrill so much when it is transferred to canvas. The big painters like to catch their girls with long hair and in simple classic drapes.

THE DIFFERENCE
Now it is mentioned that during last year Gov. Richardson freed but one prisoner from the State penitentiaries. In that case it had been learned that an innocent man had been convicted and the judge and prosecutor signed the petition for a pardon. Anyhow, full freedom was granted to but one man. In Texas in sixteen months the woman Governor extended clemency to 1715 convicts. In Illinois Gov. Small's administration has opened the prison doors to more than 2000 convicts—many of whom were Chicago gunmen who have gone back to the big city to practice their bloody calling. Emotional sob-sisters, who think our murderers are being brutally treated by long confinement in prison, might take up residence in Illinois and Texas and find everything to their liking. There the slayers are released and given every chance to plug the next victim.

GENERAL STRIKE FAILS

Whether the rescinding by the Trades Union Congress of its general strike order means peace for British industry or only a truce cannot now be determined. All depends upon what happens tomorrow and the days after. For the present the general strike has failed. The trade unions did not succeed in their attempt to dictate to the government. Premier Baldwin's ultimatum that there would be no further negotiations until the strike order was withdrawn proved effective. The disagreements that the Communists had planned in the army and the navy did not materialize. The troops followed the orders of their superior officers to the letter. The world has received convincing demonstration that Parliament and not the Trades Union Congress is the governing body of Great Britain.

At the very hour that Trotsky was wiring a message to the British labor unions to "fight like devils" to seize the barracks and the ships, the high officials of the Trades Union Congress withdrew their general strike order. The union-labor leaders assert that they have demonstrated the solidarity of the working classes; but the cables relate that nearly 3,000,000 volunteers had in eight days taken the place of strikers. The government was able to carry on; and the sympathy of the public was with the government.

The Evolution of Laundering

Though we no longer club
our sheets into cleanliness...

...though we do not boil or
mis-treat them, even the best
modern washing methods sub-
ject them to hard wear.

TAUTH Sheets are skillfully woven to withstand the wear and tear of washday. Invitingly soft and smooth when new, they re-
tain these qualities even after many trips to the laundry.

They are inexpensive, yet often
outwear sheets costing much more. Feel their firm body, even
texture and sturdy weave, and you will realize why this is so.

You can laugh at wear and wash-
ing if you use TAUTH Sheets and
Pillow Cases. Made by Pacific
Mills, manufacturers of fine fab-
rics for 75 years.

Good taste in bread
means Gordon's

TO THOUSANDS of Los Angeles people who know good things, Gordon's means the best thing in bread. So in Los Angeles it's good taste, in more ways than one, to serve Gordon's.

For Gordon's is so good! Until you have tried it you won't know what good taste in bread really means. Every ingredient that goes into the making of it is the purest and finest to be had. And they are put together and baked with the accumulated skill of eighteen years' continuous experience!

The result? Bread that is a delight to look at and a treat to eat. Golden, flaky crust, light, white fluffiness inside. All permeated with that tempting, fresh-from-the-oven fragrance.

Every loaf is fresh-baked when you get it. For Gordon's Bread is baked twice daily—and delivered swiftly to your grocer after each baking.

GORDON'S BREAD

SOCIETY

By JUANA NEAL LEVY

One of the loveliest of the season's affairs in honor of the bride-to-be will be the bridge tea with which Mrs. Loren W. Babcock (Eleanor Soule) is entertaining this afternoon in the East Indian Room of the Ambassador in honor of Miss Virginia Elizabeth, fiancee of Ralph Dresel, whose wedding will be one of the events of the 13th instant.

Mrs. Babcock will be assisted by Mrs. L. V. Averell and Mrs. Daniel Corbin Roberts and the decorations will be carried out with a profusion of spring blossoms and greenery. The bridge game will be played in a tournament and a prize will be given at the end of each six hands and a grand prize at the close of the

game.

The tea will be served in the flower natio and the guests will include Miss Burmister, Mrs. Richard Edwards, Mrs. Letts, Mrs. Daniel Corbin Roberts, Mrs. Dale Hatchell, Mrs. Irwin W. Camp, Mrs. Walter Oberlich, Mrs. Albert M. Niblo, Mrs. George Orme, Mrs. Jack Lockyear, Mrs. Edward V. Morris, Mrs. Virginia Gullif, Miss Dorothy Soden Cooke, Miss Edna Louise Ruwe, Miss Alice Warmbath, Miss Janet Morris, Miss Mabel Weston, Miss Anna Phillips, Miss Gladys Crail, Miss Virginia Robinson, Miss Ruth Morrison, Miss Frances Jamieson, Miss Cecilia Zobelein, Miss Florence Miller, Miss Anna Woodhouse, Miss Eva Ellen Haight, Miss Alice Tanner, Miss Neola Meekison, Miss Lorraine Noble, Miss Jane Maas, Miss Catherine Wilson, Miss Eileen French, Miss Barbara Badham, Miss Emmett Jones, Mrs. Arthur Maude, Mrs. Harry Shultz, Mrs. Dudley Frank, Mrs. Edmund Jackson, Mrs. Charles A. Gifford, Mrs. Alice F. Paul Dresel, Mrs. Blanche Burmister and Mrs. Frank Rasche.

Spring Benefit

One of the interesting events of the week in college circles will be the annual spring benefit with which the members of the Chi Omega sorority at University of Southern California are entertaining Saturday at the Ambassador when a musical and preview will feature the talents of Misses Anna and Flor Myers Engle, Harriet Henderson, Elline, Rennie and William Tyroler assisting.

Mrs. Melville Manasse is chair-
man of arrangements and her as-
sisting committees are headed by
Mrs. Jay Holbrook, Mrs. Harcourt
Hervier, Mrs. Inga Sandberg, Mrs.
Herman Coors, Mrs. Harry
Shultz, Miss Georgia Klemm,
Mrs. George Alexander, Kenny,
Miss Jean Robertson, Miss Elizabeth McIntosh, Miss Frances Lundman, Miss Marion Glenn and
Miss Mary Josephine Elkins.

The beneficiaries will be the
sorority's major interests The Mat-
ernity Cottage and Social Service
Fund.

Luncheon Party

Honoring Richard Hageman who
will conduct the Los Angeles Opera
performances at the Shrine Auditorium next October and who ar-
rived in Los Angeles Monday, the
Women's Committee headed by its
chairman Mrs. D. F. McGarry
entertained with a beautifully ap-
pointed luncheon yesterday after-
noon at The Biltmore when the
decorations included a profusion of yellow spring flow-
ers suggesting prosperity with
ferns and tulips.

Among those attending were
Mrs. Clark Midden Wood, Mrs.
Elizabeth Wood-Stack, Miss Mona
Wood, Mrs. Alice Pike Barney,
Mrs. Edwin Rufus Collins, Mrs.
William Irving, Hollywood, Mrs.
Mrs. Hanley Moore, Mrs. Arthur
Wright, Mrs. Grove Chester Fiske,
Mrs. Urs Louise Welch, Mrs. Wil-
liam Avery, Mrs. Harry C. Custer,
Mrs. John Claude Ritter, Mrs.
Sherman Danby, Miss Jean Hill,
Mrs. Giles Hall, Mrs. J. Gardiner
Soper, Mrs. Georgia Klemm Ken-
nedy, Mrs. Elizabeth Dresel, Mrs.
William Booth, Guyton, Mrs.
Howard Verbeck, Mrs. Erwin H.
Furman, Mrs. Ida Koverman, Mrs.

Harriet Clay Penman, Miss Mar-
garet Bourne, Mrs. Clarence Mont-
gomery Knex, Mrs. Fred Pennington
Newport, Mrs. William De-
sheila, Mr. and Mrs. Benjamin F. Bleeker, Mr. and Mrs. George
Shultz, Mrs. Richard Hageman and
the honor guest Richard Hageman.

Traveler

On the enterable affairs of
recent date was the farewell
bridge tea given Monday afternoon
by Mrs. Harold Melott at her
home in 181 Longoria Avenue,
Hollywood, to Mrs. Mabel Moll of
Beverly Hills who is sailing
on the 18th inst. for an ex-
tended trip abroad.

Forty guests were
bids and the place cards
read railroad tickets and
the names of the cities which Miss
Moll is planning to visit on her

trip.

Each of the ten tables had the
name of one of the largest cities
on it and the guests at the card
games progressed in rotation as
each will be visited. Spring flowers
were used in the decorations and
the fruitions young hostess was as-
sisted by Mrs. Robert E. Bering,
Mrs. Edward Moses, Mrs. Eugene
Pearson and Mrs. James P.
Holloman.

For Bride-Elect

One of the popular bride-elect
of the season who is being much
entertained with pre-wedding
parties is Miss Margaret Colburs

Middaugh, daughter of Mrs. R.
Alice Middaugh of Orchid ave-
nue, Hollywood, who is making
to William Phelps and Miss M. Har-
ris Williamson a line show
which two young guests were
bidden at her home in North
Kingsley Drive, Hollywood, with
Miss Middaugh as special guest
of honor.

The first article was an account
of some patients who were cured
of pellagra by the use of corn germ
by first putting them on a diet of
cooked corn germ, with rich milk
and sugar, three times a day, fol-
lowed by a well balanced diet con-
sisting of plain milk, fresh grains
and fresh fruits, and some fresh
meat if milk could not be had.

Now the point I want to bring
out now is that I wrote a number
of articles on the subject and
entitled them "Pellagra" and ap-
peared they have just noted the
spectacular part of it: that is, that
the corn germ was used. They
have noted that you cannot
have corn germ in the store and are
anxious to know where it can be
purchased. These readers appar-
ently have not paid sufficient at-
tention to the fact that this sort of
a well-balanced diet, containing suf-
ficient vitamins, mineral elements
and complete protein, wouldn't do
any good. The diet is the sort of
diet also cures it.

The article upon which I based
my first pellagra article stated
that one of the leading compa-

nies in the

country

had a pellagra

and the corn germ, but naturally I can
not give the name of the company
I can send you the name of the
company that supplies the corn germ.

Meanwhile, don't forget to
ask your doctor to prescribe

for pellagra.

Pellagra is not contagious
or catching in any way.

There is a germ con-

cerning this disease.

It is not a

germ that can be trans-

ferred from one person to another.

SUNDAY MORNING.

Of Interest to Women.

What Women are Doing
By Myra Nye

By Frank Dwyer, of 139½ New Hampshire, who has been a member of the Junior League for the past year, was elected president of that organization for the coming year. She has been a member of the Delta Club since last year.

Mrs. Frank Murphy, who graduated from the University of Illinois a year ago, is a popular young matron, and is known in the club circles.

Mrs. Amy Ebell, first vice-captain of the Illinois Alpha Chapter, and Mrs. Donald Brown, president of the Illinois Alpha Chapter, and Mrs. Edgar Cline of the Los Angeles Ebell Club, and Mary Christopher, of the Alpha Club.

The program of the 25th Inst. will include Miss Alice Martin, Miss Alice Mulligan, and talented members of both chapters, as well as regular business meetings for outdoor work.

The ride will be held at the home of the Delta Alpha Chapter, 665 West Twenty-eighth Street.

Democratic League

Zack Lamar Cobb, Charles B. Murphy and Thomas Patten will speak in the issues of the coming election. Mrs. Nelly Hall Root of the Delta Club will give a talk on current events, and Miss Laura Smith, who had the pleasure of knowing Walter Hines Page, former Ambassador to England, will speak on the success of the envoys and their mission, and with their capabilities.

Wadehead Cadman, his wife and his sister, Mrs. Mabel Cade, will be the guests of the women's Civic Club.

The club will open houses to hear the latest interpretations of Cadman's speeches.

Shane sugar. Remove beater; add a small ring of one orange, Curaçao extract, and a dash of orange juice. Fold in one-third the cupful of pastry cream, and sift in a dash of powdered sugar. Fold in one-fourth a teaspoonful of orange juice. Bake in a moderate oven for a measuring eight by eight by one inch deep.

ORANGE SPONGE CAKE

Beat the whites of three eggs until stiff, and add the yolk at a time, beating well before adding the next. Beat the whites gradually, still beating the egg beater, seven-eighths of a cup sugar. Remove beater; add a small ring of one orange, Curaçao extract, and a dash of orange juice. Fold in one-third the cupful of pastry cream, and sift in a dash of powdered sugar. Fold in one-fourth a teaspoonful of orange juice. Bake in a moderate oven for a measuring eight by eight by one inch deep.

Ebell Bible Section

Instead of having its closing meeting last month at the home of Mrs. Ebell, the Ebell Club will be the guest of the Ebell Club.

Miss Lena Leonardi, president of the Chamber of Commerce, Mrs. Northrop Jones, Mrs. H. C. Clegg, Mrs. Harry Haldeman, Mrs. Karl F. and Dean Karl F. of the University of Southern California will address the members.

THE NEW

IN STORES AND HOMES

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS

By Olive Gray

Fashion Versus Need

Such a difference whether an accessory is a necessity or superfluous. For example, the scarf, when used to swathe a sore throat, bound hospitalically from chin to shoulder bone, the scarf, however gay, becomes a mere utilitarian adjunct; but when cast jauntily beneath the chin and trailing negligently across one shoulder, the scarf becomes a distinct adjunct to the costume.

The cane, when leaned upon—of necessity—it arouses pity. When patently unnecessary, the cane is a swagger stick—whatever its build—it is a swagger.

There is a term connected with the cane that is not quite as pretentious as "swagger."

It is "cavorting." The cane is cavorting when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

It is "cavorting" when it is used to support a person who is not able to stand.

ELKS DEDICATE LOCAL TEMPLE

Home at Westlake Park Scene of Simple Ceremony

Addresses Made by Former Exalted Rulers

Building Committee Praised for Splendid Work

More than 3000 Elks, chiefly Los Angeles members of the order, but including representatives of virtually every lodge in the State, dedicated the new temple at Westlake Park. While there was seating capacity in the lodge room for scarcely more than 1000, the rest, lined about the doorway, sat in the reception room or on the spacious stairway or stood within earshot of a loud speaker which relayed to them the dedication program.

Without formal ceremony but with simplicity and impressiveness they reaffirmed their allegiance to the principles of the order—justice, charity, brotherly love and fidelity.

The local lodge is only one of 1800 lodges located in cities in America and its insular possessions. In all, there are only a small portion of the million Elks in America listed in the ranks of the order, and its splendid temple is only one house which members of this national order may enter.

The news of the dedication of the finest edifice of the national organization was given to the order by two nationally known men. They were Wm. M. Abbott, Grand Exalted Ruler, 1918-19, and Raymond Benjamin, Grand Exalted Ruler, 1914-15. The former is general counsel for the Market-Street Railroads in San Francisco, the latter, former attorney-general of the United States.

TEMPLE DEDICATED

Mr. Abbott dedicated the temple in behalf of the Grand Lodge, the governing body of the order, and Mr. Benjamin as orator, accepted the home.

Following the ritualistic service, Mr. Abbott spoke as follows:

"You men of Los Angeles have built this structure deep and big, it's strong. You have built it safe from the ravages of time and the corroding march of years. You have built it so that it may be a fitting temple to the God to whom we pledge our souls. You have built it so that it may be worthy of the great nation's order which henceforth shall call it home and worthy of the eternal principles of charity, justice, brotherly love and fidelity which make our order great."

"You have built it deep and strong, so that it may be safe from the ravages of time and the corroding march of years. You have built it so that it may be a fitting temple to the God to whom we pledge our souls. You have built it so that it may be worthy of the great nation's order which henceforth shall call it home and worthy of the eternal principles of charity, justice, brotherly love and fidelity which make our order great."

Mr. Abbott dedicated the temple in Los Angeles, Mr. Benjamin said in part:

"It is an honor to participate in a ceremony of this character commemorative of the work and progress of the order that we all love so deeply in the dedication of a building of such beauty in the name of God and to the purpose of charity, justice, and brotherly love."

"We approach its portals entranced by the beauty of its surroundings, by the grace and dignity of its lines, the grandeur of the structure, the simplicity of its appeal, and enter it gazing with delight upon new beauties in architectural design, graceful curves and wonderful tapestries. We wander from hall to hall, from room to room, each impressing us with new loveliness, each moment more conscious of the wonderful work that has been accomplished, by the patient accomplishments, by the complete appointments and equipment."

"To those who undertook and have accomplished this magnificent work all praise and due credit is given, and the hours of thought and effort that have been given by the men of this order who form the building committee. It bears evidence of the devotion of the members of the order to the cause for which they stand. It is its own evidence of the crowning glory of achievement that has been the purpose of the membership of No. 99."

SPIRIT TO REMAIN

"Some distant day the stone and steel wrought into this great structure may crumble and fall, but the love of the members of this lodge for those who have done so wonderfully in the construction of this great temple never will die."

Dr. Ralph Hagan, chairman of the dedication committee, assumed charge of the services of the evening.

Sibley G. Pease was the organist and Gage Christopher and Frank Giger, the soloists.

Past Exalted Ruler, Leo V. Youngworth acted as chairman of the Good of the Order Committee, and the 11 o'clock team was given by Past Exalted Ruler John G. Mahan.

The following include the directors of the Elks Building Association of Los Angeles: Michael P. Shanahan, president; C. C. Rytle, secretary; George M. Adair, L. J. Christopher, John J. Doyle, Lemuel Goldwater, Irving Hellman, and Charles Luckenbach.

The members of Los Angeles Lodge No. 99 are Exalted Ruler, Richard H. Hill; Esteemed Leading Knight, John J. Doyle; Esteemed Loyalty Knight, Iris C. Thompson; Esteemed Hospitality Knight, H. Davis; Secretary, Charles Burns; Treasurer, C. D. Hudson; Tiler, Frank W. Akers; Esquire, Robert C. Hadley; Inner Guard, Robert C. Gibbs; Chaplain, Herbert E. Kincaid; Organist, Sibley G. Pease.

TWO WOMEN BAKERS SEIZED FOR PICKETING

Two women will appear before Municipal Judge Bullor's this forenoon on charges of violating the antipicketing law. They are in charge of picketing the Hollenbeck Heights area, now disturbed by a Jewish bakers' strike, and were arrested yesterday by Officer Morris. They are Ida and Sofia Rubin, of respectively 2156 Washington avenue and 444 Sibley Street. They were arrested at Brooklyn avenue and Soto street. About a dozen arrests of the kind have been made since the strike began.

Past Rulers Lead in Lodge Rites

BANNINGS SUGGEST NEW DEAL

Estate Attorney Proposes Renewed Negotiations for Harbor Property

Attorney J. C. MacFarland, representing the Banning estate, at a meeting of the Harbor Commission yesterday asked that all previous negotiations for the purchase of the estate by the commission be declared off, and a new price-fixing body of three members be appointed.

He suggested that one member be named by the board and one by the commission, and the third member empowered to select the third.

The suggestion was taken under consideration by the board.

The estate apparently has twelve acres on the two sides of the West Basin, and is mainly desired for adding a link to the municipal terminal airway. A price of \$1 per square foot, later increased to \$1.50, was previously suggested, which, it is said, was not acceptable to the board.

"We cannot spend half a million dollars for property the harbor improvement does not require," President Walter B. Allen of the Harbor Commission said yesterday. The city already holds 1000 acres of harbor land.

A bond issue would be required to pay for it and harbor bonds are for improvement and not for the purchase of additional land.

The suggestion has been given a just and fair consideration, but they have not been satisfied. Now, if necessary, we can become technical."

CHIEF OF INJURED VETERANS DUE TO ARRIVE TODAY

John W. Mahan of Cincinnati, national commander of the disabled American Veterans of the World War, will arrive here at 6 p.m. today on the Santa Fe to inspect the local chapter of 475 members and to launch the Schumann-Finkle Foundation for the protection of the disabled veterans organization.

The local chapter will meet at Mahan's home with band and colors, accompanied by representatives of the city and county, the Red Cross, Salvation Army, American Legion, Elks, Kiwanis and other organizations.

Other householders were not so fortunate. At the home of Jack Gill, 211 East Eleventh street, the cut telephone wire before entering, got into the house through a rear window, but could not silence the dog and was frightened away without taking anything.

WIFE CHARGED WITH MURDER

Warrant Issued as Husband Dies of Wounds

Suspect Declared Bordering on Collapse State

Inquest Will Be Conducted Tomorrow Morning

By a "Times" Staff Correspondent
LONG BEACH, May 12.—Murder in the first degree was the charge placed today against Adelaide McLaren, 32 years of age, following the death late yesterday of her husband, F. E. McLaren, from knife wounds in the chest, which have been inflicted by Mrs. McLaren during a family quarrel Saturday night. A complaint containing the first degree murder charge was issued by Dep. Dist.-Atty. Clark and a warrant was served on the woman in a cell at the City Jail.

An inquest on the death of the woman's husband will be conducted by J. P. Fadden, coroner. Fadden, undertaker, rooms, police were advised today by Deputy Coroner McDonald, in Los Angeles, in a confession said to have been made to the coroner. Mrs. McLaren, Mrs. McLaren is asserted to have admitted stabbing her husband at their home, 390 East Eighth street, during the course of a party which was given by the couple. Police officers were amazed, they said, over the calmness of the woman and the manner in which she described the stabbing and stated that her husband's death.

Attorney Russell Pray, retained to represent Mrs. McLaren, declined today to outline the defense plans for his client, but it was learned that the accused woman had admitted to a general defense of irresponsibility, due to intoxication, will be set up. For the inquest, it is said, to have her confession known, will be made on the grounds that it was made while the woman was still under the influence of liquor.

Graduate Nurse
Diplomas Given to Forty-eight

(Illustration on Picture Page)

Diplomas were conferred upon forty-eight nurses at Lincoln High School auditorium last night, graduates from the General Hospital Nurses' training school. The forty-ninth member of the class contracted diphtheria several days ago and her diploma was presented at her bedside, together with a floral tribute from the classmate.

The auditorium was crowded with friends and relatives. Miss Ethel Andrus, principal of Lincoln High School, delivered the welcome, and Superior Judge Gates gave the commencement address. Dr. Neal N. Wood, superintendent of the General Hospital, presented the diplomas.

The luncheon was tendered the class yesterday, and tonight the members will attend the Biltmore Theater in a body. A picnic has been planned at Topanga Beach tomorrow.

DAREDEVILS TO DEFY SUPERSTITIONS TODAY

Art Gobel, member of the "Thrill Black Cats" flying squadron, will defy superstition this morning by performing the broken record, loaded down with 13,000 handbills of the "racket" at El Pato ballroom tonight by the Holly Hawks Club of Hollywood. Heard will pilot Ivan Unger and Al Johnson to 13,000 feet and in midair the two will change planes, while Gobel will descend, making thirteen loops.

NEWS OF SOUTHERN COUNTIES

TO MAKE BEACH SWIMMING SAFE

Santa Monica Enlarges Life Saving Crew

To Install System of Siren Signals

Latest Equipment on Way from Factory

By a "Times" Staff Correspondent

SANTA MONICA, May 12.—The campaign to make Santa Monica's beach one of the safest for bathers in the country took definite shape today, with the arrival of seven sirens for use in signaling for a contingent of guards at any point along the city beach where a bather may be in distress. Chief of Police C. E. Webb, one of the leaders in the movement here to make Santa Monica high in life-saving equipment, said that the sirens will be placed along the beach and a signal system has been perfected which will make it possible for life guards to communicate from one end of the beach to the other. Stands resembling fire alarm boxes will hold the sirens, and each box will have a direct telephone to police headquarters.

An inhalator for use in resuscitating victims of the surf who may be near death, together with complete equipment of the latest design, will be on the beach by noon, having been ordered several weeks ago. A trained squad will operate this unit of the system, and transfer to any given point will be made to the beach from the front-central police headquarters, located only two blocks from the beach.

Fifteen municipal life guards, unattached to any of the beach clubs, will be on the beach, with a pay roll, according to Chief Webb, if present negotiations are carried out. Ordinances governing beach regulations are being posted where the three sets of beach clubs flock here, so that bathers may be fully informed before they venture into the least favorable tides for bathing. The Club Casa Del Mar, Gables, Edgewater Club, Santa Monica Beach, Santa Monica Athletic Club, Beach Club and Swimming Club, together with other clubs and bathhouses, have signified willingness to co-operate in every way in the work of training instructors working with the police on call from the sirens. First-class life-saving equipment is installed at these places, and regular patrols will be maintained. Life-saving apparatus will rank Santa Monica as one of the safest beaches on the continent, under the plans now being perfected, according to Webb, who is the executive director of the Santa Monica Life Saving and Resuscitation Department.

The weekly bulletin issued by the American Chamber of Commerce in Mexico City outlines the new requirements that must be met before a person can swim in the water, and, up to the present one of the most promising methods is that of dragging him from the water which is far from the ship when the best position has been reached. The risk of dropping heavy preservers, also the uncertainty of getting them within the grasp of a person struggling in the surf, is done away with through the dragging method, observers state. During the heavy storms which have been experienced this year, aid might have been sent to the drowning men, far out from shore, through use of an airplane, according to aviators. Equipment for this unit of the new life-saving department is now under discussion at police headquarters. Chief Webb stated.

San Bernardino Woman Hurt in Crash May Die

By a "Times" Staff Correspondent

SAN BERNARDINO, May 12.—A woman believed to be a Mrs. Smart, whose first name has not been learned, but whose home is at 440 Highland avenue, this city, was dangerously injured today when her automobile was struck by an inbound Redlands-Berkeley bus. The train at the Tippecanoe crossing. It is considered doubtful if she will recover.

The train was in charge of Mrs. W. A. Gibson, who reported that the woman stopped her machine at the crossing, then started again just as the train reached the intersection. The automobile was demolished.

AGAIN POSTPONE KERCKHOFF TRIAL

By a "Times" Staff Correspondent

PASADENA, May 12.—Stephen Kerckhoff, wealthy and socially prominent, on charges of intoxication, reckless driving and illegal possession of liquor was to-day postponed when he reached his injury as an excuse for not appearing. The warrant was not served when the officer found Kerckhoff in the Hollywood Hospital.

He is the fifth continuance of Kerckhoff's case, and Judge Dunham issued a bench warrant for him Monday, when he reached his injury as an excuse for not appearing. The warrant was not served when the officer found Kerckhoff in the Hollywood Hospital.

ROTORIANS DANCE LOCAL CORRESPONDENCE

HUNTINGTON PARK, May 12.—Rotarians of the Huntington Park organization are tonight holding a benefit for the Hollywood Rotarians. Fred H. McClung with an elaborate dance, the affair being given at the Masonic Temple. Mr. McClung, who is the president of the club of this city, was the ed district governor at the eleventh annual conference held in San Diego last week.

BELONGED TO WRONG ARMY

Inglewood Woman Shocks Police Officer Mistaken for Salvationist

EXCLUSIVE DISPATCH

INGLEWOOD, May 12.—In order to meet the expenses of an additional tax collector, who is also the city dog catcher, Inglewood police are making an intensive drive on dog-tax collectors. Several officers have been assigned to house-to-house collection of this tax. Today one of them rang a door bell and an elderly woman answered the bell. He was received with a beaming smile and cordial invitation to enter, which is the opposite reception from that given by most owners of canines.

"Come right in; I have a lot of things for you," said the woman, as reported by Deputy Sergeant Spurgurson. "What do you mean?" asked the officer, who had not had time to state his errand. "Why, aren't you from the Salvation Army?" queried the housewife in some surprise.

Sergeant Spurgurson refused to divulge which of the force was mistaken for a Salvation Army man.

TO DEMAND PASSPORTS AT BORDER

New Mexican Regulation to Cause Complications, Say Business Men

LOCAL CORRESPONDENCE

CALEXICO, May 12.—That the new Mexican immigration laws to become effective June 1 will work serious hardship on both Mexicans and Americans at this and other ports along the border is the opinion freely expressed here.

The new regulations are much stricter in their requirements than any that have previously been operative along the United States-Mexican boundary, and it is believed that they will curtail traffic across the border to a large extent, is feared.

The weekly bulletin issued by the American Chamber of Commerce in Mexico City outlines the new requirements as follows:

Both Mexican and American foreigners crossing the border in either direction are required to have card permits for identification.

Foreigners entering Mexico must obtain these permits from the nearest Mexican Consul. In addition to this, women must obtain a certificate from a United States District Attorney showing good moral character.

Mexicans leaving their own country are required to obtain permits from the Department of the Interior or one of its agents. Aliens leaving out of Mexico must do the same.

Adolfo Miranda, Inspector in charge of the Mexican Immigration in Mexico City, has stated that he had no other alternative than to enforce the law.

Business men on both sides of the line here are holding conferences in an effort to find some manner in which enforcement may be modified.

It is feared that business stagnation will result in border towns on both sides of the line if the new regulations are not modified.

Already, the number of petitions already have been forwarded to Mexico City protesting against the terms of the law.

COLLEGE PRESIDENT TALKS TO BOOSTERS

LOCAL CORRESPONDENCE

INGLEWOOD, May 12.—Dr. Walter J. Dexter, president of Whittier College, will be the speaker at the Harbor District Chamber of Commerce meeting here tomorrow night. About 500 are expected at the monthly dinner of this organization, because of the interest in seeing the new home of the Inglewood Chamber completed at a cost of \$75,000.

Inglewood's thirty-five piece municipal band will play, and the headband of the international all-English unique Scotch comedian, Sid Bushy, who claims that he neither inherited nor acquired his Scotch, but imbibed it. President Frank Thompson will preside at the meeting, and the office will hold until successor to Chief Thompson is named.

PUTS PRICE ON HEAD OF CHICKEN THIEVES

LOCAL CORRESPONDENCE

SANTA ANA, May 12.—The County Supervisors today decided to offer a standing reward up to \$100 for the apprehension of chicken thieves operating in this county. The board agreed to a request made by a delegation of ranchers accompanied by Secretary M. Stanley of the County Farm Bureau.

The delegation mentioned accusations of chicken thieves and suggested that counties where rewards have been offered by the thieves. Stanley stated that a schedule of rewards up to \$100 has been offered in Riverside county and has never been claimed because it has succeeded in frightening the thieves away.

"NO LIKEE ME, ME

GO BACK TO CHINA"

By a "Times" Staff Correspondent

PASADENA, May 12.—"California no likee me, I go back to China," Wong Jung, laundry man arrested here for possession of narcotics, told Justice E. H. Thompson today, the same time admitting that he was a narcotic addict, and stating that he has been a resident of this State for fifty-two years. Justice O. G. Davis, of the Superior Court, who filed the complaint, to take the matter up with Federal immigration authorities and have the man deported.

YOUNG CRASH DRIVER HELD

Angeleno Identified as Hit-and-Run Motorist in Accident Injuring Lieutenant-Governor

EXCLUSIVE DISPATCH

BRAWLEY, May 12.—Local police late this afternoon arrested Harold Price, 22 years of age, of Los Angeles, as the hit-and-run motorist whose machine crashed into and overturned the car in which Lieut.-Gov. Young was riding near here this morning. Young is in the Brawley Hospital, and may be confined there several days, although his injuries are said not to be serious.

Price, arrested by Motorcycle Officer James Gray, was identified by witnesses of the crash between the two cars. Despite the fact he is bruised and his automobile dented, the Los Angeles man denies being in the collision. Charges of recklessness driving, while drunk and under the influence of alcohol, will be made.

Lieut.-Gov. Young, who arrived in the valley yesterday on a two-day speaking tour, was being driven to the hospital by his wife, when the accident occurred.

Four miles north of here, according to Dr. Welch, who was driving the Young car, a motorcyclist hit a ditch in front of the State office's machine. The driver, in an effort to get back on the road, turned his wheels sharply to the right. The machine turned a somersault, landing on its side. The fact that it was a closed car probably saved the lives of Young and his wife.

The hit-and-run motorist failed to stop, but evidence which Price later was arrested was furnished by Edward W. Hale, chairman of the Imperial County Board of Control, who was present when following close behind the car occupied by Young.

The Lieutenant-Governor was riding with the Brawley physician, who physician dressed a number of severe cuts and bruises. His scheduled speeches in Calipatria, El Centro and Calexico have been canceled.

GOODCELL SENDS REGRETS AT ACCIDENT

On learning of the serious injury sustained by Lieut.-Gov. Young in an automobile accident near Brawley, Rex B. Goodcell, candidate for Governor, sent the following message from Santa Rosa to Mr. Young: "I hear with deep regret of your accident. I pray for your complete and immediate recovery."

On learning of the possible completion of the dredging work a full year earlier than it could have been carried out if government engineers had had to wait for the 1927 high water, Goodcell sent a telegram to Washington to the money will be returned by the first of next month was made by Assistant City Manager Beck who said that following the procedure suggested by the dredging company, the State District Engineer, a claim to Washington to the money will be returned at once.

Loss of the money to the government made possible the completion of the dredging work a full year earlier than it could have been carried out if government engineers had had to wait for the 1927 high water, Goodcell sent a telegram to Washington to the money will be returned at once.

BAKERSFIELD CITY SUBDIVISION

EXCLUSIVE DISPATCH

BAKERSFIELD, May 12—Approximately 750 persons have been added to the population of Bakersfield by the annexation election which was held yesterday. With 165 ballots cast out of a total of 217 registered, Bakersfield carried by a majority of twenty-seven votes yesterday. A final check of the returns showed a majority in favor of incorporation with the city of Bakersfield by sixty-nine persons opposed to annexation.

According to City Clerk Vance, who presided over the election, it will officially become a part of the city next Tuesday, May 18. Monday night the City Councilmen will canvass the votes and will adopt an ordinance to that effect.

Both Mexican and American foreigners crossing the border in either direction are required to have card permits for identification.

Foreigners entering Mexico must obtain these permits from the nearest Mexican Consul. In addition to this, women must obtain a certificate from a United States District Attorney showing good moral character.

FINDS GOOD IN MUSSOLINI RULE

Pasadena Man Returns from Trip to Italy

Says Dictator Came to Rescue of Country

Future Fate of Fascist Problematical

By a "Times" Staff Correspondent

PASADENA, May 12.—Oscillation concerning the latest utterances of Benito Mussolini netted him a distinct service to the country at a time when it was greatly needed, says Charles North of this city, who has returned with his family from a three-year sojourn in Europe, of which was spent in Italy.

The Comintern operation of terror and its effect in Italy has failed and the country is in a distressing condition when Mussolini and his Fascist followers into the breach, put country back on its feet and saved the government," Mr. North said today.

It is no doubt that Mussolini saved his country's fortune by his critical principle of thriving in Italy, and factors well maintained. Whether or not the government will fail or fall is an open question, however, and one that the people must decide.

In France the people are firmly behind the principle of rect taxes, the question of finance has assumed such proportions that no easy solution appears in the near future, according to Mr. North.

Although enthusiastic about European travels, Mr. North decided that Southern California is the place to live, and has come back to his permanent home in Pasadena.

Still Continue Search for Man Long Missing

LOCAL CORRESPONDENT

ALHAMBRA, May 13.—A Crawford, 48 years of age, of 111 Front street, has been missing from his home for more than a month and police here are mystified as to his whereabouts.

Detectors and cameras have been set up to the authorities and the police have been sent to the other cities and has been broadcast over Los Angeles radio stations but no trace has been made to date.

The man, who comes to light, will be given a reward of \$100.

The missing man is described as tall, weight 165 pounds, dark complexion, blue eyes, hair and with his front teeth missing.

FIRE DAMAGE AT HUNTINGTON PARK

LOCAL CORRESPONDENT

HUNTINGTON PARK, May 13.—This afternoon shortly before 8 o'clock gutted the Lloyd Kin-Ford, Inc., automobile showroom, doing damage to the extent of several thousand dollars.

The blaze was set from the roof by a passer-by, a man of five seconds within a few feet of the front entrance.

The fire department found necessary to run several hoses to cover the south end of the establishment, then making the intense heat making it impossible for the firemen to fight the flames through the front structure, the wind carrying the flames to the east through the front of the showroom.

Several new automobile these rooms were removed by employees and property passing some of the office furniture and equipment.

The fire was soon under control. Just how it started no one knows, but it is thought to have originated from some cause in the rear.

Mr. King, who is at the head of the concern, states that he and his wife have been married and will then start rebuilding.

MINISTER SCORES SCOFFERS OF CHURCH

EXCLUSIVE DISPATCH

RIVERSIDE, May 13.—Many young men of today who are forced to work out of the country for the week to earn a living, are often forced to work out of the country for the week to earn a living.

The concern, who are the teachers of the California College of the California State, addressed before the spring address of Christian churches in Riverside district, conducted at First Christian Church, First and Lime streets, at

Boden urged Christian efforts, especially of athletic coaches, business men in order to make more effective the work of church among young people.

POWER PLANT BLOWN OUT

EXCLUSIVE DISPATCH

BAKERSFIELD, May 13.—For a short circuit on a power line in the Kern River district a service station was established at Sacramento, and messages broadcast from this central headquarters would notify a criminal-pursuit flyer at any designated point.

The moral effect of a machine gun menace in the air would be an aid in checking crime, authorities assert. Morris's proposal will go before the 1927 Legislature, Lieut. Kenyon stated.

Here is a record of achievement seldom reached in any line of endeavor. Since 1918, the Los Angeles City Health Department has conducted twenty-one milk-scoring contests for Certified Milk. Seventeen of them have been won by

LATE PLANES ARMED WITH GUN MAY PURSUE CULPRITS

By a "Times" Staff Correspondent

BAKERSFIELD, May 13.—For a short circuit on a power line in the Kern River district a service station was established at Sacramento, and messages broadcast from this central headquarters would notify a criminal-pursuit flyer at any designated point.

The moral effect of a machine gun menace in the air would be an aid in checking crime, authorities assert. Morris's proposal will go before the 1927 Legislature, Lieut. Kenyon stated.

The plant is functioning well and is preparing for a few hours.

BIRTH CONTROL GIVEN SUPPORT

Welfare Workers Indorse Mailing for Science

Unmarried Mother and Child Under Discussion

Roger N. Baldwin Denies Sedition Charges

By a "Times" Staff Correspondent

PASADENA, May 12.—Over the past week, and especially in the opposition of representatives to the California Conference of Social Workers today adopted a resolution in the Cummins-Vale hill, now before Congress, to prohibit birth-control literature to be sent through the mails and remove it from being classified as obscene.

Speakers for the welfare bureau were Rev. Mrs. Lucy and Dr. Peter J. Barone, both of whom denounced birth control.

At the election of officers, Dr.

Alvin A. Powell of Oakland was chosen president for next year's convention, and Oakland was picked as the meeting place. The conference had invitations also from Stockton, Yosemite and Asilo-

FRATERNITY TO INSTALL NEW BRANCH

Local Delta Tau Delta Chapter Will be Formed at Saturday Meeting

Installation of Delta Iota chapter

of Delta Tau Delta, national

fraternity, at the University of

California Southern Branch, will

take place Saturday morning

at the Friday Morning Club

hall, bringing the number of

national societies

on the local campus to five.

The installation will be fol-

lowed by a formal

banquet.

An installation

will be another

of the attendant social events and

will be held Friday evening at the

Uplifters' Club.

Delta Tau Delta was founded at

Berkeley College, West Virginia, in

1859.

Officers of the local chapter, which was organized in 1921 under the name of Delta Phi Pi, are: Ed-

ward Lockwood, vice president; Charles Miller, treasurer, and Roger Clapp, secretary.

There are present eight members

in the local chapter.

Membership includes Archie M.

Wedermyer, Charles Walde Lockwood, Emmett B. Bishop, Frank C. Field, Ronald C. Smith, Rufus R. Edwards, G. Marion Easton,

John S. Koha, San Francisco;

health, Miss Marguerite Spiers,

Oakland; social problems,

George H. H. Bell, Berkeley, Los Angeles.

James Eads, How, self-styled

"millionaire hobo," demanded to

have a conference with the

unmarried mother, "how the

3,000,000 unemployed men I rep-

resent at this conference can pos-

sibly be married."

John Murphy, executive

secretary of the Children's Bureau

of Philadelphia, at whom the ques-

tion was aimed, did not answer

directly, saying it was a question

that he could not

economically answer.

This was How's first contribu-

tion to the discussion and his ques-

tion was a success.

Equal responsibility of father

and mother was urged by

Dr. Murphy and Miss Orpha J.

Schontz, who addressed the con-

vention on the subject of the un-

married mother and her child.

Miss Schontz urged that the term

"natural child" instead of il-

legitimate child be adopted and

that the natural children share

equally in inheritance rights with

legitimate children.

LONG FIGHT

Passage of the resolution in sup-

port of the Cummins-Vale hill was

the end of a three-year fight over

birth control.

Rev. Lucy sought

to have the resolution laid on the

table by Dr. Barone.

His motion was lost by a large majority,

and the resolution was carried by

one equally large.

It was agreed that advertising of contraceptive methods

will still be prohibited under the

Food and Drugs Act.

The bill only permits physicians to

study and publish concerning the

problem.

Roger N. Baldwin, head of the

American Civil Liberties Union,

and a leader in the fight for

the last week and scheduled to

address the convention tomorrow,

appeared at the Hotel Maryland

here long enough to deny the

charge that he has been brought against him

by the American Legion and other

organizations which have protested his appearance in Southern California.

OPPOSES VIOLENCE

"The American Legion is evidently aware that the time is over," he said. "It is amusing to note that the Legion opposes a pacific cause because they say he advocates violence. I am opposed to all violence, but I am not opposed to free speech, even for its advocates, as it is the best way of avoiding it."

Baldwin will speak at Old Palms Hotel tomorrow morning at 9:30 o'clock on "Social Work and the Labor Movement." He was originally scheduled to talk at the First Methodist Church.

Dr. Rockwell Harmon Potter, former moderator of the National Council of Congregational Churches of America, arrived following an extended tour of India and China.

Dr. Potter will occupy the pulpit of the Wilshire Boulevard Congregational Church Sunday at 11 a.m., preaching for Dr. Frank Dyer, pastor of Wilshire district cathedral.

Dr. Potter has just completed

a six-month tour of India and

China for the American Board of Foreign Missions.

He is president of that body

and is also pastor of the Hartwood Congregational Church at Hartwood, Calif., where he has held for twenty-five years.

He is stopping at the Biltmore.

ARRIVES FROM ORIENT

Dr. Potter, Mission Board Head to speak at Wilshire Church

MAY 13, 1926.—[PART II.]

O, what a beautiful skin! Not a pimple—not a blemish. Perfectly rounded shoulders and a Venus-like back! No wonder she's popular.

"If I could only get rid of these ugly pimples, my skin would be clear and soft and dimpling, like hers—most people would call me lovely, too!"

You're right! The only thing that mars your beauty are those unsightly skin blemishes. Clear them away and watch eyes full of admiration turn in your direction, wherever you go. "But how can I get rid of them?" you ask. What will drive you to expected things away so that won't come back?

Why, that's just exactly what S. S. S. helps Nature do. It's been clearing away pimples, blackheads and blotches for a century. S. S. S. helps Nature build up the blood to where it's pure and healthy—then

FIVE SAVED FROM GRIP OF RIP TIDE

Four Men and Woman Taken from Water Exhausted at Santa Monica

By a "Times" Staff Correspondent
SANTA MONICA, May 12.—Four men and one woman were rescued from rip tides today in exhausted or unconscious conditions, and several other persons were helped ashore by life guards. The rip tides today were the worst experienced here for some time, the area affected being from the Crystal Pier out half a mile south toward Ocean Park.

Mrs. D. Baran, 25 years of age, of 1066 Stone street, Los Angeles, was carried out 100 yards. She was brought ashore by George Watkins, 16, Max life guard, assisted by Clarence Babcock, a bather. She was revived on the beach.

The four men rescued were Homer Districh, 125 East Florence street; John Anderson, 2620 East Fifty-third street, and Ernest Adair, also of Los Angeles, and a man who left without giving his name. Adair's condition was so serious he was taken to St. Catherine's Hospital, where he was received.

Manager T. A. Quinn of the Ocean Park Bath-House sent a crew of seven men to aid in the work. William Petry of the Los Angeles Athletic Club and Frank Hennessey of the Crystal Bath-House were credited with a rescue each.

WIDOW OF KINNEY SUES HER ADVISER

Seeks to Stop Liquidating of Two Promissory Notes Signed When She Was Ill

Winifred H. Kinney, widow of Abbot Kinney of Venice, yesterday filed suit in Superior Court to enjoin Victor C. Emden, her business adviser, from selling or hypothecating two promissory notes for \$12,500 each, which Mrs. Kinney dictated. Emden induced her to execute by means of false representations.

Emden is remembered in Court as a gambler, as the business adviser to the last person. When, for whose slaying "Kid" McCoy is serving a sentence in San Quentin.

Mrs. Kinney asserted she entered into a written agreement with Emden last March whereby he was to serve as her business adviser for a period of one year, his compensation to be \$1,000 a month at the end of the service. March 1, last, she said, Emden induced her to sign a written agreement and two promissory notes for \$12,500 each, which she signed, asserting that she was ill at the time and unable to attend to her business affairs, and that she placed confidence in Emden as her business adviser.

She declared Emden violated the agreement between them in that he was asserted to have arranged to obtain a secret commission of \$1,000 for himself in connection with a proposed \$10,000 bond issue by the Abbot Kinney Company.

Mrs. Kinney asked the court to declare the agreement invalid and to fix an amount to be paid him by her for such services as he has rendered.

VETERAN OF CIVIL WAR HONORED

Dr. Donnell Congratulated on Reaching Ninety-first Milestone of Life

In spite of his announced determination to observe no more birthdays until he reaches the century mark, friends and relatives dropped in on Dr. E. J. Donnell, Civil War veteran, 7542 Lexington avenue, to congratulate him on the advent of the ninety-first milestone in his career.

Dr. Donnell was so impressed with the spirit of the occasion that he sent a message to Dr. John Rice Cogswell of Warner, N. H., who, like himself is a graduate of Dartmouth College, and a citizen of the State, the two being the sole survivors of a class of fifty of 1865, to come to California and escape some of the ice and snow.

Dr. Donnell is a member of the Admiral Robley D. Evans Grand Army Post of this city. Helen Jean Christie Tent, Daughters of Veterans, remembered him with a floral emblem.

BALL TEAMS GUESTS OF BREAKFAST CLUB

Baseball morning will be observed at the Breakfast Club tomorrow when players from Hollywood Stars and Sacramento team will be entertained by the organization. The appearance of the diamond stars will be arranged by William (Bill) Laup, manager of the Breakfast Club.

Harry J. Mallen, sportsman to be honored, Samuel C. Cleary, newsman, will read a new poem he has just written. Preceding the breakfast Marco Hellman will lead forty-five horseshoe enthusiasts over the Griffith Park bridge.

MAID COMPLAINS OF UNPAID WAGE CHECK

Mrs. Mary T. Hogan, of 1849 Gramercy Place was arraigned before Municipal Judge Bullock yesterday, charged with giving a worthless check to Mrs. Anna Loope, 1800 North Serrano avenue. According to the complaint, Mrs. Loope said she was given a check for \$100, which she cashed at the bank refused to cash on the ground of insufficient funds. Trial was set for today.

Late-to-Work Employees Now Get Vindication

Former Head of U.F.A. in Germany Will Establish Permanent Home Here

An explanation of why so many men and women living in Laurel Canyon were late to work on the morning of April 18, last, came to light yesterday, with the filing by the City Prosecutor's office of a complaint against Max Mandler, accusing him of blocking traffic, and making all the employees know deep in their hearts that the excuses of their employees were truthful.

Further, so runs the complaint, drove into Laurel Canyon at 2 on the morning of April 18, stopped his car squarely in the center of the new intersection of Petyl and Wilson avenues, locked the car doors; piled rocks around the wheel wells; and, mounted the demountable wheel.

Mandler is credited with starting the film industry in Germany to a high point. He produces the film "Laughing Cavalier," "The Cabinet of Dr. Caligari," "Variety," "Metropolis," "The Waltz Dream" and "Faust," the four which have not been shown in this country.

Accompanying the producer were Frank Tuttle, New York director, E. Lloyd Sheldon, who is to produce "The Danube" and Frank Lloyd, producer. Lawrence Gray, leading man for Gloria Swanson, and Monte Katterjohn, scatologist.

Mandler arrived in New York five weeks ago, and after looking over production facilities there decided to make Hollywood the base of his operations. He is engaged to come to Paramount in order to bring to American pictures an international point of view, studio officials said.

SCHOLARS TO REVIVE FAIRYLAND

May Day Festival Will be Presented Tomorrow at Third-Street School

Characters of Fairyland will be revived again when pupils of the Third-street school present their May Day festival tomorrow on the school grounds at 5301 West Third street. Every child from the tiniest one in the kindergarten on up through the other elementary grades will have a role to play in the entertainment of their parents and friends.

Festivities will begin at 10:30 a.m. with the crowning of Lillian Gubin of the sixth grade as Queen of May. Noon luncheon will be served under the auspices of the Parent-Teacher Association, following which guests will have an opportunity to visit the carnival booths located throughout the grounds. A fountain selling a booth, "white elephant" booth and fishing pond are some of the attractions.

The school grounds have been converted into a bazaar with beach umbrellas and chairs for the comfort of guests. Little boys of the kindergarten will come dressed as bunnies, flies and bees and the girls as gnomes, gypsies and fairies. Each of the other grades is to be included in the sixth will wear representative costumes and present features of the program. Music will be furnished by the John Burroughs High School orchestra.

The festival was planned and is being directed by Louise C. Dermody, principal of the school. She was assisted by teachers and Miss Sweeter of the physical education department.

Others who have viewed the collection and favor its purchase are Mrs. John C. Johnson, Mrs. W. J. Dodd and Mr. and Mrs. Harry Haldeman.

Charles Haskell, chairman of the art committee of the Southwest Museum and appraiser of art pieces for Lloyd's, has appraised the Dr. Stillwell art collection in New York at \$1,250,000, it was announced yesterday. This is the collection. It is proposed to buy for \$250,000 and move to Los Angeles. The City Council Committee has five years to pay for it.

Prof. E. J. Jaqua of Pomona College has just reported an endorsement of the collection to President of the Chamber of Commerce, Prof. Jaqua saw it at Mr. Bent's request.

Others who have viewed the collection and favor its purchase are Mrs. John C. Johnson, Mrs. W. J. Dodd and Mr. and Mrs. Harry Haldeman.

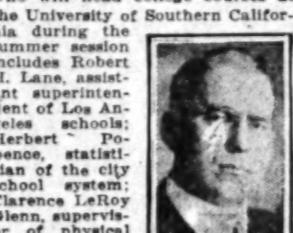

City Educators Added to U.S.C. Summer Staff

Local educational authorities will head college courses at the University of Southern California during the summer session includes Robert E. L. Ladd, superintendent of Los Angeles schools; James C.
